

Innovative City and Community Partnerships

Salima Moolji (Dallas 2030 District)
Sam Gunderson (Fort Worth Better Buildings Challenge)
Stephanie Byrd (Schneider Electric)
Jerry Dennis (Dallas-Fort Worth Airport)

Moderated by: Fran Witte (City of Irving)

North Central Texas Energy Forum
October 26, 2016

2030 Districts

There are 15 established Districts and 4 emerging Districts. We have 3 in Texas including Dallas, San Antonio and Austin

- We promote energy, water and transportation sustainability in downtown Dallas
- Our goal: Reduce energy and water consumption 50% by 2030
- Total of 294 million sq. ft. dedicated to the 2030 Districts. We are 5th out of the 15 Districts
- We currently have over 22 million square feet dedicated to the District & over 35 buildings
- 3 types members: Building Owners/Managers, Professional Members, & Community Members
