Bill Action
Bill Title Railway Safety Act of 2023
Bill Category Rail
Author Deluzio, Christopher
Brief Description This bill addresses safety requirements for rail carriers and trains transporting hazardous materials. Specifically, the Department of Transportation must issue safety regulations for trains carrying hazardous materials to require that rail carriers or shippers provide state emergency response commissioners with advanced notice and information about the hazardous materials, reduce blocked rail crossings, and comply with certain requirements regarding train length and weight specifications, track standards, speed restrictions, and response plans. DOT must also establish requirements for wayside defect detectors. DOT would be directed to issue regulations establishing requirements for the installation, repair, testing, maintenance, and operation of wayside defect detectors for each rail carrier operating a train carrying hazardous materials.

Bill Action

Bill Title Limit, Save, Grow Act of 2023

Bill Category Budget

Author Arrington, Jodey

Brief Description This bill increases the federal debt limit and decreases spending. It also repeals several energy tax credits, modifies the permitting process and other requirements for energy projects, expands work requirements for the Supplemental Nutrition Assistance Program (SNAP) and other programs, and nullifies regulations for the cancellation of federal student loan debt. The bill also includes various provisions related to the development of energy resources such as oil, natural gas, and minerals. For example, the bill requires additional federal oil and gas leasing, reduces or eliminates certain royalties and fees, and expedites the permitting process for various energy projects.

Bill Number H.R. 3746

Bill Action

Bill Title Fiscal Responsibility Act of 2023

Bill Category Funding

Author McHenry, Patrick

Brief Description This bill increases the federal debt limit, establishes new discretionary spending limits, rescinds unobligated funds, and expands work requirements for federal programs. Specifically, the bill suspends the federal debt limit through January 1, 2025, and increases the limit on January 2, 2025, to accommodate the obligations issued during the suspension period. In addition, the bill establishes new discretionary spending limits for FY2024 and FY2025 that are enforced with sequestration (i.e., automatic spending cuts). It also changes the limits to 1% below the FY2023 base funding levels if a continuing resolution is in effect on or after January 1, 2024, or on or after January 1, 2025, because all 12 regular appropriations bills were not enacted by the end of the prior year.

Bill Action
Bill Title Public Inspectors for Safe Infrastructure Act
Bill Category Transportation
Author Garamendi, John
Brief Description This bill would direct state or local governments to ensure that any federally funded highway project is inspected and certified by a public employee. It would also provide that in the event that a public employee is not available, the pertinent body may temporarily contract a private company to perform this function until such a time that the body can provide a public employee to perform the function.

 Bill Title Disability Access to Transportation Act
 Bill Category Transportation
 Author Titus, Dina
 Brief Description This bill would direct the secretary of transportation to establish and administer a one-stop paratransit pilot program with the objective of identifying strategies and applications to improve transportation access for individuals with disabilities. It would also establish reporting requirements for ADA compliance in transportation facilities and revise the ADA complaint process via the department. Finally, it would establish reporting requirements from the department of these subjects to congress within delineated timeframes.
