

## **APPENDIX K**

### **RURAL ENVIRONMENTAL CLEARANCE PROJECTS**

Appendix K contains a list of projects that are not planned for construction within the four-year time frame of the Rural TIP, but are referenced in the current Rural Transportation Improvement Program in order to allow feasibility or environmental clearance efforts to continue.

Please note that these projects are preliminary and do not represent any commitment of construction funding, but strictly intent to pursue environmental clearance activities consistent with early project development. Consistency with the Air Quality Conformity Determination will be reexamined as alternatives are explored in these studies and environmental clearance efforts.
