

THIS COULD COST YOU \$2000

DID YOU KNOW?

Section 19-118.2(f)(5) of the Dallas City Code prohibits the discharge of garbage, rubbish, and yard waste into the storm drain.

Individuals, companies, and/or property owners that directly or indirectly cause yard waste to end up in the storm drain can be subject to fines up to \$2000!

Leaf blowers can be effective for landscape maintenance.

When used to blow grass clippings and leaves into the street or storm drain, it is a violation of City Code.

Yard waste can also plug storm drains and inlets, causing flooding.

Each year, the City spends over \$920,000 cleaning grass, leaves, sediment, and debris out of the storm drain inlets.

Using leaf blowers to direct yard waste into the street or storm drain may result in a citation fine of up to \$2,000.

Please do your part to help our City!

Report Stormwater Polluting Call 3-1-1

STORMWATER POLLUTION FROM YARD WASTE IS PREVENTABLE!

Easy Pollution Prevention Tips:

- Never use leaf blowers to direct yard waste into the street or storm drains.
- Sweep or blow grass clippings from your sidewalk, driveway or street and place back on the yard.
- Use grass clippings as natural mulch or compost.
- Collect, bag, and place your yard waste at the curb during bulk waste collection week.

Please Note:
Homeowners and businesses may be held responsible for violations made by commercial landscapers they employ.
