

List of Potential Topics
to include in the
Sustainable Public Rights of Way (SPROW)
Regional Best Management Practices Guidelines Document

Small Cell

Small Cell Implementation
Model ordinance
Policy Position

Utilities

Future of Communication Infrastructure
Design
Electric
Gas
Franchise
Placement
Easements
Water & Sanitary Sewer
Stormwater

Bikeways & Pedestrian Facilities

Locations
Safety
Amenities
Superblocks
ADA Requirements

Landscapes & Streetscapes

Trees
Vegetation
Irrigation Methods
Smart Landscaping
Maintenance
Signage
Vandalism/Vulnerability

Planning

Sustainability (vs. Resiliency)
Complete Streets
Context-Sensitive Design
Mixed Use
Urban Zoning/Form-based Code
Transit-Oriented Design
Historical Sites

Building Guidelines

Easements vs. Right-of-Way

Districts

Brownfields

Greenfields & Other Open Spaces

Fees

Ordinances

Incentives

Coordination

Commercial Sustainable Growth

Demographics & Commercial Development

Resource Availability

Streets & Roadways

Pavement Design

Pavement Life Cycle Cost and Material

Trails & Sidewalks

Traveled-way Design

Roadway Cross Section

Expansion Opportunities

Lighting

Drainage

Construction & Maintenance

Movement of Goods (e.g. Amazon)

Curbside Management

Green Infrastructure and Low Impact Development

Future of ROW

Autonomous Vehicles
