COVID-19 #00X Transportation Infrastructure Program: Round 4

The COVID-19 Infrastructure Program is intended to award federal and regional funding to projects across the region that would benefit from expedited action to help stimulate the economy. Staff will present details on this fourth round of projects for public review and comment.

Regional Trip Reduction Resolution for Single Occupancy Vehicle Trips

NCTCOG staff is proposing the passage of a single occupancy trip reduction resolution that establishes a regional trip reduction target to reduce drive alone commute trips through Travel Demand Management (TDM) strategies such as teleworking, ridesharing, active transportation, and transit. More information on the proposed resolution will be presented.

Start of 2021 Ozone Season

The 2021 ozone season began on March 1 and runs through November 30, 2021. The Dallas-Fort Worth region does not meet attainment for federal air quality standards for the pollutant ozone. NCTCOG staff will present an introduction to the pollutant, an overview of current progress, an ozone season update, and strategies to help reduce air pollution and reach attainment.

Car Care Awareness

NCTCOG educates citizens about vehicle maintenance and informs them about how they can contribute to the regional air quality solution by keeping their vehicles in good condition. Not only can proper maintenance save them money, but it also keeps the vehicle from polluting excessively by advising what to do if the check engine light illuminates.
