Meeting ID: 874 3054 3824

- 1. 11:00 – 11:05 AM Welcome, Introduction**
Presenter: Huong Duong, Transportation Air Quality Planner, NCTCOG

- 2. 11:05 – 11:25 AM Funding for Alternative Fuel Vehicles**
Presenter: Brianna Lawrence, Vice President of Programs & Policy, Gladstein, Neandross & Associates

For fleets interested in using alternative fuels, there are more than 500 incentive programs (tax credits, grants, rebates, and vouchers) available. Securing funding can be intimidating, and the goal is this presentation is to provide an overview of what is out there and how to approach funding for alternative fuel vehicles.

- 3. 11:25 – 11:45 AM Alternatives Fuels aka: The Messy Middle**
Presenter: Dave Schaller, Industry Engagement Director, North American Council for Freight Efficiency (NACFE)

There are over 20 fuel choices for Medium-Duty (MD) & Heavy-Duty (HD) fleets now. For some of the choices, the infrastructure installation and operation can be more challenging than the trucks themselves. Diesel clearly dominates now but Electric Vehicles (EVs), hydrogen fuel cells, and renewable natural gas loom large as we move forward.

- 4. 11:45 – 11:58 AM Discussion**
Presenter: Huong Duong, Transportation Air Quality Planner, NCTCOG

An opportunity for anyone to ask our presenters any questions they may have about fuel considerations.

- 5. 11:58 AM – 12:00 PM Local Updates and Close**

Next Webinar

Topics: Truck Parking

Date: Thursday, April 6, 2023

Time: 2:00 PM – 3:00 PM (US Central Time)
