#### Transit Strategic Partnerships

The Transit Strategic Partnerships Program is a competitive grant program that funds innovative transit projects supporting services for seniors, persons with disabilities and low-income populations from public agencies looking to directly implement service and those seeking partnership with an existing transit provider. Proposed projects must be in the Dallas-Fort Worth-Arlington and Denton-Lewisville Urbanized areas. The November 2023 Cycle for proposal submission has closed, and an update on selected projects will be posted online for review and comment. More information on the Transit Strategic Partnerships Program can be found at [nctcog.org/strategicpartnerships-transit](https://nctcog.org/strategicpartnerships-transit).

#### Safe Routes to School Update

NCTCOG's Community Schools and Transportation program seeks to encourage and enable active transportation among school-aged children by promoting and supporting safer routes for students to walk and bike to school. An update on exciting Safe Routes to Schools activities, including program-related surveys, will be posted online for review and comment.

#### Proposed Modifications to the List of Funded Projects

A comprehensive list of funded transportation projects through 2026 is maintained in the Transportation Improvement Program (TIP). Projects with committed funds from federal, State and local sources are included in the TIP. To maintain an accurate project listing, this document is updated on a regular basis and will be posted for review and comment.
