Sherry,

I just wanted to "Thank You" and let you know what a good experience our deployment was to Seabrook, Texas. Seabrook was one of the hardest hit by Hurricane Ike. When we arrived we were welcomed with open arms. They were very grateful and happy that we arrived.

It was amazing to see so many people that came together to help out their community. After this hurricane had destroyed so many lives, including there own, they stayed at that Fire Station to help others. Many of them had homes of their own that were flooded and magled in the mess. From the City Manager and the Mayor taking lobby calls to the Volunteer Firemans wives cooking every meal and making sure everyone had enough to eat. They made sure that we were ok, and that we were not in need of anything, when we were there to help them.

I think that Serena, Stacy and myself will never forget this experience. We made a lot of friends in Seabrook, and I plan on staying in touch with them to see how they are doing. I will let you know.

Ericka
