4. NCTCOG has established a Transportation Department-wide overall Disadvantaged Business Enterprise (DBE) goal of 25 percent of the final negotiated contract amount for participation on the part of socially and economically disadvantaged individuals in DOT-assisted projects. Each procurement will establish specific DBE goals dependent upon the type of services being procured. The specific goal for this procurement is identified in Appendix D to the sample contract. **Failure on the part of a majority contractor to meet this goal or to show meaningful good faith efforts may be grounds for finding the proposal nonresponsive.** To facilitate this goal, a list of DBEs is attached for consideration. In the event the proposer is a majority firm and the above stated goal for DBE participation is not met, the prime contractor shall be required to provide justification and documentation for not reaching the goal with disadvantaged subcontractors.

Joint ventures between majority and disadvantaged contractors are encouraged. Whenever a joint venture involves a disadvantaged firm(s), the proposer shall submit with the proposal the names, scope of work, and the anticipated percentage of work of each proposed DBE subcontractor and joint venture. The Affidavit of Intended Entrepreneurship, included as Attachment D.4 of the Sample Contract, is intended for this

purpose. **Please submit the original notarized affidavit with the Proposal.** NCTCOG shall reserve the right to approve all substitutions of subcontracts.

For the purposes of this policy, a Disadvantaged Business Enterprise is defined as: A business enterprise that is owned and controlled by one or more socially and/or economically disadvantaged persons. "Owned and controlled" is specified as a business which is (1) a sole proprietorship legitimately owned by an individual who is a disadvantaged person or (2) a partnership or joint venture controlled by disadvantaged persons and in which at least 51 percent of the voting interest and 51 percent of the beneficial ownership interests legitimately are held by disadvantaged persons. Such persons include individuals who are Women, Black, Hispanic, Native Americans, Asian-Pacific Americans, Asian-Indian Americans, or any other minorities or individuals found to be disadvantaged by the Small Business Administration pursuant to Section 8(a) of the Small Business Act. **D/M/WBE Certificates issued by the North Central Texas Regional Certification Agency are required.**

The contractor shall maintain for three years such records as are necessary to determine compliance with their DBE obligations and shall submit regular reports to enable the North Central Texas Council of Governments to monitor this compliance.

5. The NCTCOG Executive Board encourages the use of local firms. However, all proposals, regardless of firm locale, will be evaluated using the consultant selection criteria contained in the Request for Proposals.
6. A consultant selection committee will review the proposals and select a firm it considers qualified to undertake the project. The selection of the proposal will be based on the technical proposal and interviews but will be subject to negotiation of conditions of cost satisfactory to NCTCOG. NCTCOG reserves the right to reject any or all proposals and to contract for any or all portions of the project with the selected consultant.
7. After a consultant has been selected and negotiations have been completed, the selected firm will be asked to itemize the budget for the project which is included as Appendix B of the Sample Contract. The overall project budget should delineate the cost of personnel, fringe benefits, overhead supplies, printing, and travel. If a joint venture or subcontract is involved, the selected consultant will be asked to provide a budget for each firm. Overhead rates will be subject to approval and must be based on audited financial records; copies of support data for the overhead rate will be requested. Travel costs will be reimbursed as identified in the Sample Contract.
8. Procurement information shall be a public record to the extent provided by the Texas Open Records Act and the Freedom of Information Act and shall be available to the public as provided therein. If a proposal contains information that the proposer considers proprietary and does not want disclosed to the public or used for any purpose other than the evaluation of the offer, all such information must be indicated with the following suggested language:
