

GETTING THERE ON PUBLIC TRANSIT

Public transit is a convenient, affordable and environmentally friendly way to travel across the vast North Texas region. Here's a guide that helps answer questions you might have when riding the region's growing bus and rail network.

COMMUTING ACROSS MULTIPLE COUNTIES

Need to know which ticket to buy? Buy your ticket from your home transit agency or the GoPass^{SM*} app.

MISSED OR LATE TRAIN

Need alternatives to get home? Consult the train or bus schedule, or find your way with the GoPass^{SM*} app.

WHEN DOES THE NEXT BUS ARRIVE?

Consult the bus schedule or the GoPass^{SM*} app.

IS ADEQUATE PARKING NEARBY?

Consult your home transit agency.

HAVE AN IDEA?

Transportation project ideas must be in the long-range transportation plan, the blueprint for moving people in the region over the next 20-25 years. If you have an idea for a project that could improve your commute to work or school, contact the North Central Texas Council of Governments Transportation Department at transinfo@nctcog.org or www.nctcog.org/trans.
