## What is Access North Texas?

Access North Texas is an ongoing effort to better coordinate public, human service, and community transportation in the 16-county North Central Texas region. This plan focuses on

- older adults,
- individuals with disabilities,
- low-income individuals,
- anyone with transportation challenges.

The process will identify needs and explore solutions that address those needs.

## Why attend?

Provide your valuable input through an interactive meeting to identify transportation challenges and available resources. Build partnerships to make the most of limited resources and to improve access to Kaufman County. If you are not able to attend, please consider sending a representative on your behalf. Please forward this invitation to customers or partners interested in discussing public transportation needs.

A transportation survey is now available at [AccessNorthTexas.org/survey](http://AccessNorthTexas.org/survey). Your responses will help identify unmet public transportation needs and help develop solutions that meet those needs.

## What is the timeline?

For special accommodations due to a disability or language translation, contact Edgar Hernandez at (817) 704-5640 or [ehernandez@nctcog.org](mailto:ehernandez@nctcog.org) at least 72 hours prior to the meeting. Reasonable accommodations will be made. *Para ajustes especiales por discapacidad o para interpretación de idiomas, llame al (817) 704-5640 o por email: [ehernandez@nctcog.org](mailto:ehernandez@nctcog.org) con 72 horas (mínimo) previas a la junta. Se harán las adaptaciones razonables.*
