Background

Regional public transportation coordination plan to:

Identify the public transportation needs of older adults, individuals with disabilities, low-income individuals and others with transportation challenges

Specify strategies to address needs and current challenges

Avoid duplication of transit services, eliminate gaps in service and meet federal and State requirements for transit coordination in 16 counties

Progress Since 2013

New transit service in Hutchins (southeast Dallas County)

Transportation link from Hunt County to DART's Downtown Rowlett Station

Cooperative vehicle procurement

Outreach

Reached out to over 2,350 individuals including: the public, transit riders, transit agencies, health and human service agencies, workforce agencies, businesses, educational institutions, elected officials and local government staff

Conducted 14 outreach meetings with 611 attendees, numerous conference calls, emails and conversations

Offered a public transportation poll in English and Spanish, received over 1,000 responses

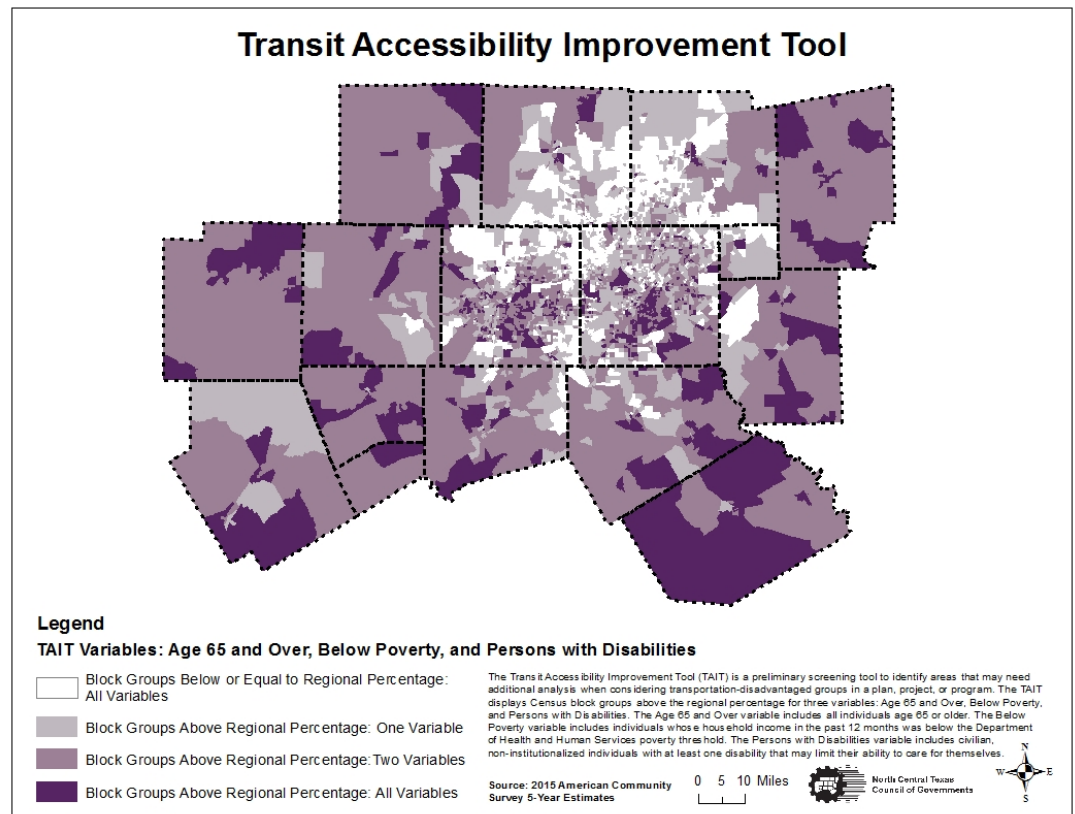

Data Collection & Analysis

Transit Accessibility Improvement Tool (TAIT) identifies populations that may depend on public transportation

Collected demographic data including population growth, Limited English Proficiency, and commute statistics

Identified existing transportation resources

Summary of Plan Recommendations

Regional strategies apply throughout North Central Texas

Explore partnerships to increase the affordability of fares for those most in need

In areas with no public transportation, assess need and implement transit

Explore non-traditional ways to deliver public transit

Simplify regional trips and reduce the number of transfers

County-by-county strategies were also developed

Next Steps

Early implementation opportunity: January RTC action

Public meetings and final review of strategies

Technical committee and policy board feedback and approvals

Regional partners will implement strategies identified in the plan

Future projects that seek funding under the Regional Transportation Council Transit Call For Projects must be included in Access North Texas
