KEEP SAFETY IN FOCUS ON SUMMER TRIPS

Whether you're traveling around Texas or to another state this summer, a road trip is a great way to explore new places and create memories. To help keep your trip on target, be sure to do a little prep work first so your vehicle is in tip-top trip shape.

DO A FULL VEHICLE WALKAROUND

Much like we do a 360° walk around on our TxDOT vehicles, check your personal one too! That means exterior parts like TIRES, LIGHTS and WIPERS to under the hood too for FLUID LEVELS, BELTS and HOSES and the BATTERY.

Are you prepared for an emergency? Make sure the SPARE TIRE and JACK are good to go, along with items like a FIRST AID KIT, WATER and SNACKS, and PHONE CHARGERS.

Do your part to keep Texas beautiful by bringing along a BAG for trash. Keep that litter off our roads!

Be sure to check DriveTexas.org

for current traffic conditions and also to see if work zones are on your route. We hope you have a safe and fun summer road trip no matter where you go!

ALWAYS WEAR YOUR SEATBELT

BUCKLE UP and stay buckled the entire time! No excuses to not have a seatbelt on during any part of the trip.

KEEP YOUR DRIVER DISTRACTION-FREE

Make sure young passengers have THINGS THEY NEED WITHIN REACH and also ACTIVITIES to keep them occupied.

DON'T FALL ASLEEP!

Drowsy driving is dangerous driving. Plan ahead to STOP FOR BREAKS and SWITCH DRIVERS as needed.

Safety on the road is everyone's job... so prep your passengers ahead of time!
