

Chapter VII Project Listings

2023-2026 Transportation Improvement Program

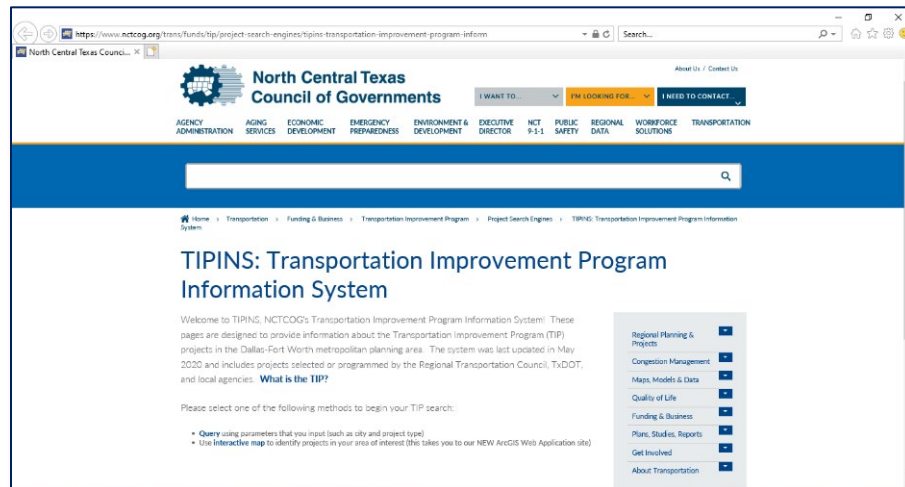

Chapter VII

Project Listings

OVERVIEW

The 2023-2026 Transportation Improvement Program (TIP) identifies over \$8.8 billion in roadway and transit projects in the Dallas-Fort Worth Metropolitan Area programmed for funding and construction within the next four fiscal years. These projects represent the region's commitment to improving mobility and air quality. The projects listed in this chapter are also mapped online in the Transportation Improvement Program Information System (TIPINS), which can be found at www.nctcog.org/trans/tip/tipins. Exhibit VII-1 depicts the TIPINS webpage for reference.

Exhibit VII-1. TIPINS Webpage Screen Shot

The project listings provided in this chapter are grouped by Texas Department of Transportation (TxDOT) District; Fort Worth, Dallas, and Paris. Within each district, separate listings are provided for roadway and transit projects. In each listing, projects are sorted by fiscal year of implementation and CSJ number. Descriptions of the information included in these listings are provided in the STIP Report Legend (Exhibit VII-2).

In addition, several project work types (e.g., safety improvements, road construction, bridge replacement) are included in statewide grouped project codes that are programmed by TxDOT and are constrained at the state level. These projects are funded under statewide project codes in the Statewide TIP. They do not have to be listed individually in the 2023-2026 TIP; however, a list of the statewide project codes or “Grouped CSJs” is included in this chapter for reference.

Please note that Regional Transportation Council (RTC) approval of the 2023-2026 TIP includes some refinement to FY2022 or earlier projects and the FY2027+ projects that lie beyond the four-year window of the 2023-2026 TIP. For informational purposes, the project commitments approved by the RTC through development of the 2023-2026 TIP are listed and available via the link provided in Appendix C.

Transit Section 5309 - Fixed Guideway Capital Investment Grant Program projects listed in Chapter VII do not necessarily represent approved funding, but rather intent to pursue funding from Congress or the Federal Transit Administration (FTA). Necessary refinements, including additions or deletions, will be made to these projects upon final Congressional selection each year.

Transit Section 5311-Nonurbanized Area Formula Program projects are selected by the TxDOT Public Transportation Division and therefore, approved Transit Section 5311 projects will be carried in the Statewide Transportation Improvement Program (STIP).

Exhibit VII-2. STIP Report Legend

Field Name	Description
DISTRICT/TxDOT DISTRICT NUMBER	Identifies the TxDOT District in which the project is located: Dallas, Fort Worth, or Paris District Office of the Texas Department of Transportation
COUNTY	County in which project is located
CITY	City in which project is located
CONT-SECT-JOB (CSJ)	The Control Section Job Number is a TxDOT-assigned number given to track projects.
MPO PROJECT ID/NUMBER	Project identification code assigned by the Metropolitan Planning Organization for regional tracking/identification of projects
HWY	Project or facility name or location (i.e., highway number); some HWY labels used for non-highway projects in the STIP are: VA (various), CS (city street), MH (municipal highway), SL (State loop), SS (State spur).
LIMITS FROM	Cross-street or location identifying the initial limits of a project or name of a regional project/program
LIMITS TO	Cross-street or location identifying the end limits of a project
TIP/PROJECT DESCRIPTION	Brief description of work to be performed on the project
PHASE	Identifies the phase of the project funded in the given fiscal year: E = Engineering, R = Right-of-Way Acquisition or Utility Relocation, C = Construction/ Implementation, T= Transfer of funds to the Federal Transit Administration (FTA) for implementation by a transit agency

Field Name	Description
FUNDING CATEGORY	Categories of funding for the project. A description of funding categories is included Chapter III.
REV DATE/AMENDMENT DATE	This entry refers to the revision date (i.e., the date a project is added or changed in the TIP/STIP). Most projects listed in the 2023-2026 TIP listings will have a 07/2022 revision date at the beginning, which represents the date the project listings were originally submitted for state/federal review. Subsequent TIP/STIP modification cycles will change the dates for affected projects to reflect the quarterly STIP cycle.
LC/LOCAL CONTRIBUTION	Local funds contributed to a project in excess of the 20 percent match required to receive federal reimbursement on a project
MTP REFERENCE	All projects listed in the 2023-2026 TIP must be supported in the current Metropolitan Transportation Plan (MTP). The MTP reference cites the location in which the project or policy supporting the project is located in the MTP.
NOx/VOC (lbs/day)	All Congestion Mitigation and Air Quality Improvement Program (CMAQ) funded projects in the 2023-2026 TIP must include an air quality emissions benefit. This entry provides the emission reductions estimated for each project in terms of Nitrogen Oxides (NOx) and Volatile Organic Compounds (VOCs) in pounds per day. In rare instances, a project is evaluated qualitatively, such as Air Quality Education, so an "N/A" maybe listed on those projects.
PROJECT HISTORY	This section notes relevant project changes or information over time.
REMARKS	Any additional remarks that help clarify project details (i.e., funding, status)
PROJECT SPONSOR	Implementing agency for the project
TOTAL PROJECT COST INFORMATION SECTION	Detailed cost information for project, which includes the cost of preliminary engineering, right-of-way acquisition, utility relocation, construction, construction engineering, contingencies, indirect costs, and bond financing for all years.
COST OF APPROVED PHASES	Identifies the cost of approved phases of the project funded in the given fiscal year
YOE COST	Identifies the cost of the project funded in the year of expenditure (YOE) in which it is listed in the TIP/STIP
AUTHORIZED FUNDING BY CATEGORY/SHARE	Detailed funding information which identifies the funding source and amounts for each category of funding. This section also outlines how much funding in each category comes from federal, state, regional, and local funding sources. A description of the funding categories is included in Chapter III.
PROJECT TYPE	Identifies the project type in the transit TIP listing. The project types can be identified as (planning, operations, or capital).

Field Name	Description
APPORTIONMENT YEAR	Identifies the year in which the transit project received funding
SEC 5309 ID NUMBER	Identifies the federal earmark number for the approved project with the Federal Transit Administration as applicable
URBANIZED AREA	Identifies the urbanized area in which the approved project will serve or be located. The three urbanized areas in the region are Dallas-Fort Worth-Arlington, Denton-Lewisville, and McKinney.
FISCAL YEAR (FY)	The fiscal year the approved project phase(s) will be implemented or included in a transit grant application
FEDERAL FUNDING CATEGORY	Identifies the transit federal program that will be used to implement the project. A description of the funding categories is included in Chapter III.
FEDERAL (FTA) FUNDS	Identifies the funding amount that the federal program will provide to the project
STATE FUNDS FROM TXDOT	Identifies the funding amount that the state is responsible for providing
OTHER FUNDS	Identifies the funding amount that the local transit agency or other party is responsible for providing
FISCAL YEAR/TOTAL PROJECT COST (YOE)	Identifies the total funding for the project in year of expenditure dollars
TRANSPORTATION DEVELOPMENT CREDIT (TDC)	A financing tool approved by the Federal Highway Administration (FHWA) that allows states to use their federal obligation authority without the requirement of non-federal matching dollars. (In the transit section, the listings will note how much in TDCs was requested and awarded, along with the award date.)
REQUEST	As projects are modified through subsequent TIP/STIP modification cycles, the requested change will be noted.

VISUALIZATION OF TIP PROJECTS

This section contains several maps that provide a visualization of the projects listed in the 2023-2026 TIP document. Over 938 transportation projects are active within the Dallas-Fort Worth region. A subset of these projects (266 total) are already under construction. 247 projects are scheduled for implementation between FY2023 and FY2026. Projects undergoing pre-construction activities but not scheduled for construction until after 2027 total over 149.

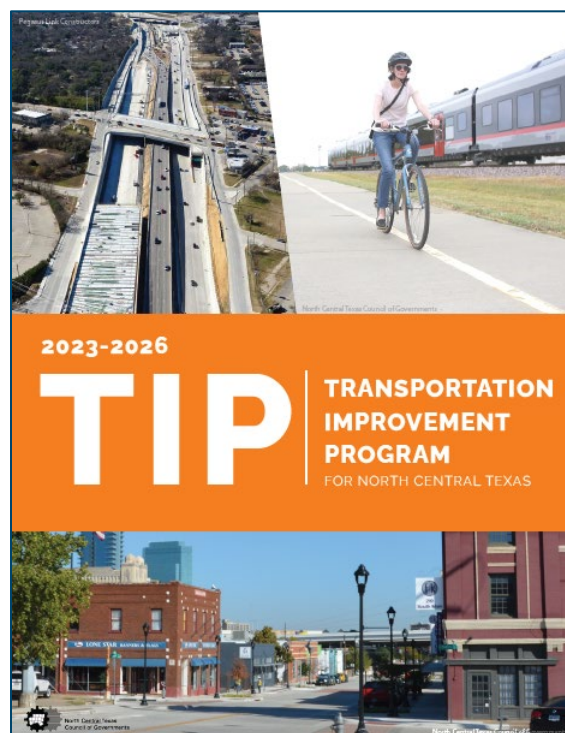

The first map, Exhibit VII-3, shows the projects funded in the 2023-2026 TIP displayed by project type. This graphic shows where projects are located within the region, as well as what type of project it is. The second

map, Exhibit VII-4, identifies whether projects have construction funding or if only pre-construction phases are funded within the four-year window of the TIP (FY2023-2026).

The last map shows a smaller subset of projects; those which are either funded for construction outside the four-year window (i.e., in FY2027 or later) or are unfunded, except for certain pre-construction activities. Pre-construction activities might include engineering, environmental clearance, right-of-way acquisition, or utility relocation, among others. Those projects are shown in Exhibit VII-5 and are listed individually in Appendix D.

Chapter VII Project Listings

Grouped CSJs

Grouped Project CSJs

PROPOSED CSJ	GROUPED PROJECT CATEGORY	DEFINITION
5000-00-950	PE-Preliminary Engineering	Preliminary Engineering for any project except added capacity projects in a nonattainment area. Includes activities which do not involve or lead directly to construction, such as planning and research activities; grants for training; engineering to define the elements of a proposed action or alternatives so that social, economic, and environmental effects can be assessed.
5000-00-951	Right-of-Way Acquisition	Right-of-Way (ROW) acquisition for any project except added capacity projects in a nonattainment area. Includes relocation assistance, hardship acquisition and protective buying.
5000-00-952 5000-00-958 5000-00-957	Preventive Maintenance and Rehabilitation	Projects to include pavement repair to preserve existing pavement so that it may achieve its designed loading. Includes seal coats, overlays, resurfacing, restoration and rehabilitation done within existing ROW. Also includes modernization of a highway by reconstruction, adding shoulders or adding auxiliary lanes (e.g., parking, weaving, turning, climbing, passing, non-added capacity) or drainage improvements associated with rehabilitation. (See Note 3.)
5000-00-953	Bridge Replacement and Rehabilitation	Projects to replace and/or rehabilitate functionally obsolete or structurally deficient bridges.
5000-00-954	Railroad Grade Separations	Projects to construct or replace existing highway-railroad grade crossings and to rehabilitate and/or replace deficient railroad underpasses, resulting in no added capacity.
5800-00-950	Safety	Projects to include the construction or replacement/rehabilitation of guard rails, median barriers, crash cushions, pavement markings, skid treatments, medians, lighting improvements, highway signs, curb ramps, railroad/highway crossing warning devices, fencing, intersection improvements (e.g., turn lanes), signalization projects and interchange modifications. Also includes projects funded via the Federal Hazard Elimination Program, Federal Railroad Signal Safety Program, or Access Managements projects, except those that result in added capacity.
5000-00-956	Landscaping	Project consisting of typical right-of-way landscape development, establishment, and aesthetic improvements to include any associated erosion control and environmental mitigation activities.
5800-00-915	Intelligent Transportation System (ITS) Deployment	Highway traffic operation improvement projects including the installation of ramp metering control devices, variable message signs, traffic monitoring equipment and projects in the Federal ITS/Intelligent Vehicle Highway System (IVHS) programs.
5000-00-916	Bicycle and Pedestrian	Projects including bicycle and pedestrian lanes, paths and facilities (e.g., sidewalks, shared use paths, side paths, trails, bicycle boulevards, curb extensions, bicycle parking facilities, bikeshare facilities, etc.). Safe Routes to School non-infrastructure related activities (e.g., enforcement, tolls, and education programs).
5000-00-917	Safety Rest Areas and Truck Weigh Stations	Construction and improvement of rest areas and truck weigh stations.
5000-00-918	Transit Improvements and Programs	Projects include the construction and improvement of small passenger shelters and information kiosks. Also includes the construction and improvement of rail storage/maintenance facilities and bus transfer facilities where minor amounts of additional land are required and there is not a substantial increase in the number of users. Also includes transit operating assistance, preventative maintenance of transit vehicles and facilities, acquisition of third-party transit services, transit marketing, and mobility management/coordination. Additionally, includes the purchase of new buses and rail cars to replace existing vehicles or for minor expansions of the fleet. (See Note 4.)
5000-00-919	Recreational Trails Program	Off-Highway Vehicle (OHV), Equestrian, Recreational Water/Paddling Trails and related facilities; Recreational Trails related education and safety programs.

Note 1: Projects eligible for grouping include associated project phases (Preliminary Engineering, Right-of-Way and Construction).

Note 2: Projects funded with Congestion Mitigation Air Quality Improvement Program funding require a Federal eligibility determination, and are not approved to be grouped.

Note 3: Passing lanes include "SUPER 2" lanes consistent with TxDOT's Roadway Design Manual.

Note 4: In PM10 and PM2.5 nonattainment or maintenance areas, such projects may be grouped only if they are in compliance with control measures in the applicable implementation plan.

Note 5: Projects funded as part of the Recreational Trails Program (RTP) consistent with the revised grouped project category definitions may be grouped. RTP projects that are not consistent with the revised grouped project category definitions must be individually noted in the Transportation Improvement Program (TIP) and State Transportation Improvement Program (STIP). Road diet projects may not be grouped.
