

North Central Texas
Council of Governments

Coordinated Land Use & Transportation Task Force

Thursday, April 20th
2:00 - 4:00 PM
Hybrid Meeting

April Focus: Returning the Value of Land Use to Transportation Funding

Infrastructure costs in North Texas are growing as rapidly as our population. Local governments are increasingly turning to value capture mechanisms like tax increment finance, public improvement districts, and impact fees to pay for needed improvements. Hear from a panel of your peer local governments tell their story of implementing value capture tools and learn lessons for your community.
