- 2045 Regional Veloweb
- Community Shared-Use Paths and Bikeways
 - Off-Street, Existing
 - Off-Street, Funded
 - Off-Street, Planned
 - On-Street, Existing
 - On-Street, Funded
 - On-Street, Planned

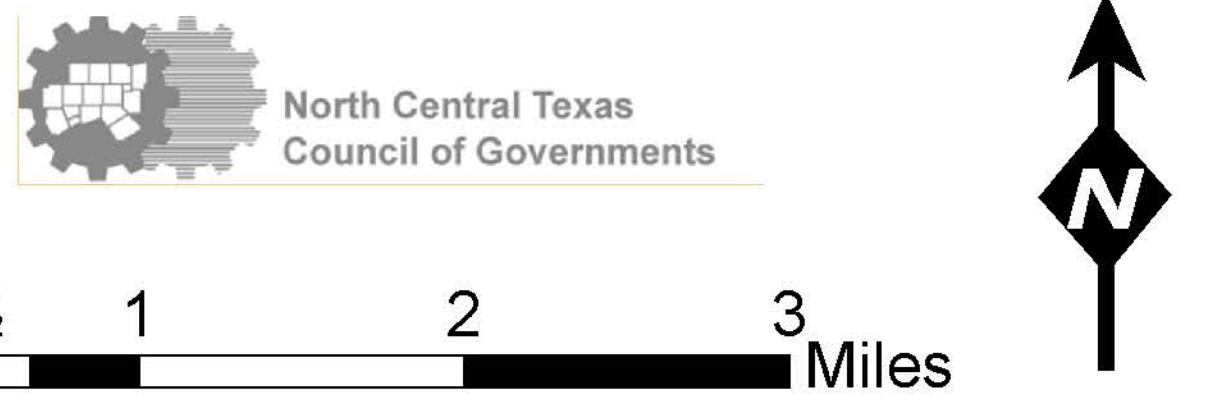

Regional Trail Corridor Facility Status

- Existing (49.1 Miles)
- Funded (11.5 Miles)
- Planned (2.8 Miles)

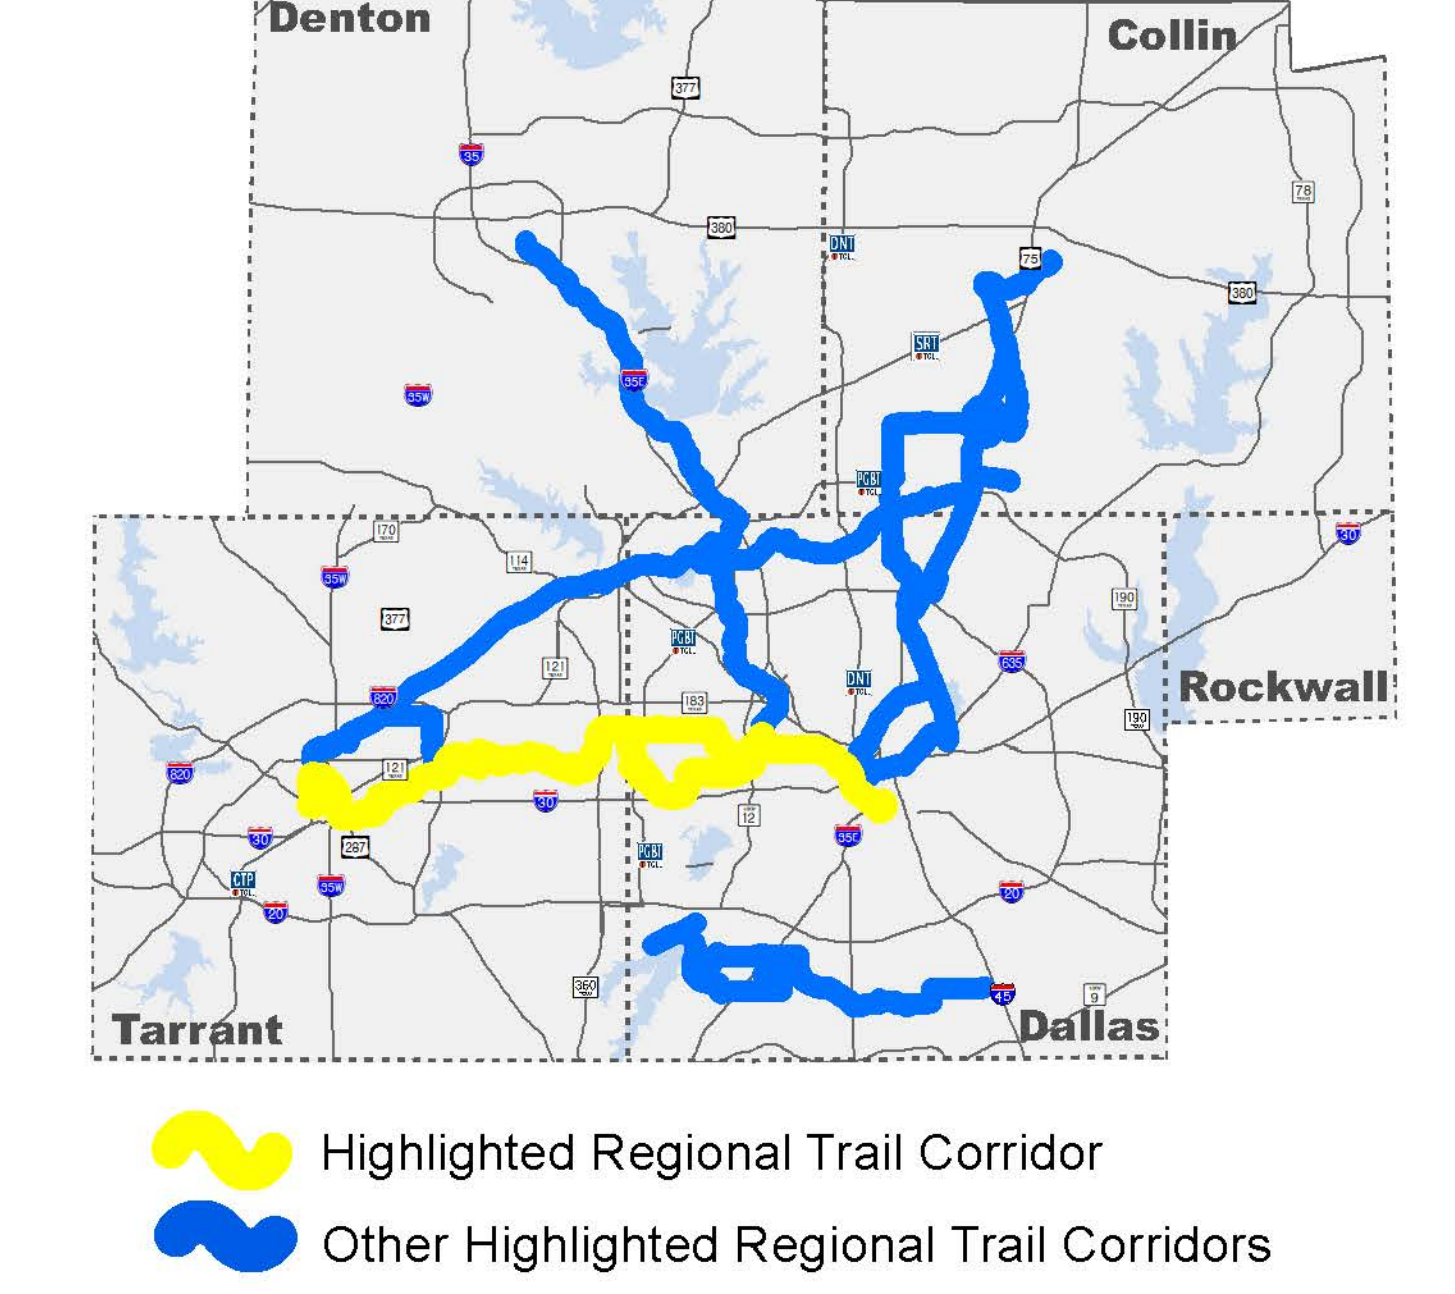

The Regional Veloweb and Community Shared-Use Path network does not include recreational paths, private paths, equestrian or nature trails, or wide sidewalks less than 10 feet in width.

On-street bikeways in the urbanized area include separated or protected bike lanes/cycle tracks, bike lanes, marked shared lanes, and marked bicycle boulevards. On-street bikeways in the urbanized area do not include signed bike "routes", signed "share the road", unmarked wide outside lanes, or signed wide shoulders. The use of wide shoulders is included on various roadways linking rural communities outside of the urbanized area.

Facility recommendations indicate transportation need. Corridor-specific alignment, design, and operational characteristics for the Regional Veloweb system will be determined through ongoing project development.

Highlighted Regional Trail Corridors

Transportation

- Rail Line
- Rail Stations
- Roads

- CentrePort Station Trail (West) Construction to start September 2023 Construction to be completed September 2024
