• Provide appropriate NCTCOG staff and/or funding support to DART and the City for completion of scenario planning and/or traffic analyses related to light rail transit operations through downtown Dallas
• Explore opportunities for RTC participation in funding for interim roadway or IH 345 improvements that may be required to accommodate D2
• Explore opportunities for RTC participation in funding for D2
• Continue to support both the D2 and the IH 345 projects to maximize funding opportunities and advance the two projects through implementation
• Lead cooperation efforts with stakeholders to develop a coordinated vision for improved rail operations that would allow for double tracking the light rail transit connection at the West End junction

Option 3-7a was recommended and approved by the Dallas City Council, DART, and TxDOT as the preferred option for the east end of the D2 Subway. NCTCOG has no financial obligation under the proposed Interlocal Agreement.

Upon a Motion by Mayor Hairston (seconded by Mayor Falconer), and unanimous vote of all members present, the Board approved the resolution as presented.

Item 14 Resolution Authorizing Supplemental Allocations for Aging Transportation Services

Doni Green, Director of Aging, requested Board authorization for the allocation of supplemental funds to four (4) of its transportation subrecipients for Aging transportation services as follows:

- Public Transit Services: $26,000
- Senior Center Resources and Public Transit: $200,000
- Somerville County Committee on Aging: $10,000
- STAR Transit: $40,000

TOTAL $276,000

She explained that the Board authorized pass-through funding of approximately $4,152,425 per annum to nutrition and transportation subrecipients in 2019 based on estimated funding figures provided by the Texas Health and Human Services Commission (HHSC). She further explained that as a result of additional AAA funding through the CARES Act and American Rescue Act during FY 2021 and 2022, an additional $276,000 in current year funding would be dedicated to transportation services, increasing the program's budget from $400,000 to $676,000. The supplemental allocations will assist the subrecipients which are positioned to exceed the terms of their performance-based agreements and render eligible services that are not reimbursed by other federal, state, or local grants.

Upon a Motion by Commissioner Mitchell (seconded by Councilmember Crain), and unanimous vote of all members present, the Board approved the resolution as presented.

Item 15 Resolution Authorizing Additional Staff Positions for the Aging Department

Doni Green, Director of Aging, requested Board authorization for (2) two additional positions for the Aging department as follows:

- A full-time Information, Referral and Assistance Specialist to help older adults and family caregivers access health and social services, budgeted at $45,000 per annum
- A part-time Grant Manager to manage NCTCOG's ACL grant, entitled Dementia Friendly North Central/East Texas, budgeted at $27,000 per annum

She explained that the Area Agency on Aging (AAA), receives federal and state funding through the Texas Health and Human Services Commission (HHSC), a portion of which must be dedicated to Information. This program is currently staffed by subrecipients, but they are no longer able to respond to the growing number of requests for
services and particularly, on a timely basis. This has created a need for the full-time Referral and Assistance Specialist. The part-time Grant Manager will administer a federal award by the Administration for Community Living to expand support services for people with dementia and their caregivers.
