RTC Funding Commitments

Appendix C: RTC Funding Commitments

OVERVIEW

Throughout development of the 2023-2026 Transportation Improvement Program (TIP), the North Central Texas Council of Governments (NCTCOG) staff worked with the Texas Department of Transportation (TxDOT), local governments, and other transportation agencies to refine the list of active transportation projects in the Dallas-Fort Worth region. The link below connects to documentation showing the “before” condition for each project, along with the “after” condition to demonstrate any changes to funding, scope, etc. The “after” condition reflects the latest Regional Transportation Council (RTC) approval for each project.

Projects with funding in FY2023-2026 are included in Chapter VII of this document. However, the RTC has current and future commitments in earlier and later years, falling outside the four-year window of the 2023-2026 TIP. Approval of the 2023-2026 TIP includes refinements to these projects as well. For this reason, a full list of commitments or active projects is made available online. Please note that Transit Section 5307, 5309, 5310, 5311, 5337, and 5339 funding is contained wholly within Chapter VII.
