

Proposed Draft Legislative Changes

Suggestion	Origin	Aims to Address or Cause
TCEQ Tire Manifest completed submission in one month from origination	Tire meeting recommendation to speed up the process and increase accountability	Mentioned that the scrap tire process is too long - that things can get lost
Stepwise process for Tire Manifest: Created and maintained to actively track current status of a tire load at each transfer	Tire meeting recommendation to speed up the process and increase accountability	Tracking and increases accountability
Imposed Fine ≤ \$500 per illegally disposed tire - generator and transporter, each	Tire meeting recommendation to increase penalties and accountability	Increased Penal action and some prospective funding
Required Unique Identifying Tire Tagging system implemented for all generators or transporters	Tire meeting recommendation to increase accountability and decrease costs associated with cleanup	Tracking increases accountability, helps pass the cost to cleanup, and provides a deterrent
Increased penalties for generator using unregistered tire haulers	Tire meeting - mention of small shops using unregistered haulers	Reduction of unapproved tire haulers from low-volume tire dealerships
Budget for rubberized asphalt paving bids increased to 20% (from 15%)	Tire meeting request for more end of life use for tires	Increased demand/use for tires
Loss of vehicle/equipment from repeated illegal dumping activities	Tire meeting mention of repeat offenders	Decrease repeat offenders and increase more accountability and a deterrent
Increase funding through Inspection/Maintenance (I/M) program	Previous NCTCOG legislative submission	Increase funding for illegal scrap tire abatement

Proposed Draft Legislative Changes (Continued)

Flagged/Pending Inclusion

- ▶ Adoption of Fire Marshall Code
- ▶ Increase end-of-life use through more avenues
 - ▶ LRPUR (Land Reclamation Projects Using Tires)
 - ▶ Recycling
 - ▶ TDF (Tire Derived Fuel)
- ▶ Tire disposal fee go to separate account for tire abatement
- ▶ Increase service/support to shops to make proper disposal easier
 - ▶ Transfer station
 - ▶ Quarterly tire roundup
 - ▶ Rebate program for proper disposal
