Item Summary: The Mobility 2045 Update was adopted by the Regional Transportation Council (RTC) on June 9, 2022. Staff will provide a report regarding efforts to develop the next Metropolitan Transportation Plan, Mobility 2050.

Background: Following RTC adoption of the Mobility 2045 Update, staff and partner agencies have been working toward implementing the mobility plan. These efforts include planning and project development tasks, projects in construction, and coordination with the public and transportation partners.

Federal guidelines require the Dallas-Fort Worth region to update the long-range transportation plan a minimum of every four years and go at least 20 years into the future. In addition, Mobility 2050 must demonstrate federal transportation conformity. The updated plan will include a new financial plan, updated demographics and technical analysis, updated project recommendation listings, and robust public involvement.
