How to Complete a Request for Reimbursement

FY2022-2023 Solid Waste Grants

North Central Texas Council of Governments

North Central Texas Council of Governments Environment & Development

Overview

- Grant funding will be made on a reimbursement basis for eligible expenses incurred and paid by the grant recipient.
- Grant recipients must submit a Request for Reimbursement at least quarterly, but not more frequently than once a month, for reimbursement of actual allowable costs.
- Grant recipients must submit Requests for Reimbursement via email with all appropriate documentation.
- If no funds were spent within a quarterly period, grant recipients are required to submit an explanation for why no funds were spent and when they are expected to be spent.
- Grant recipients are strongly encouraged to spend ALL available grant funding so that no funds are "returned" to NCTCOG.
- This presentation will provide instructions for completing a request for reimbursement. Should any additional questions arise, please contact your grant manager.

Request for Reimbursement

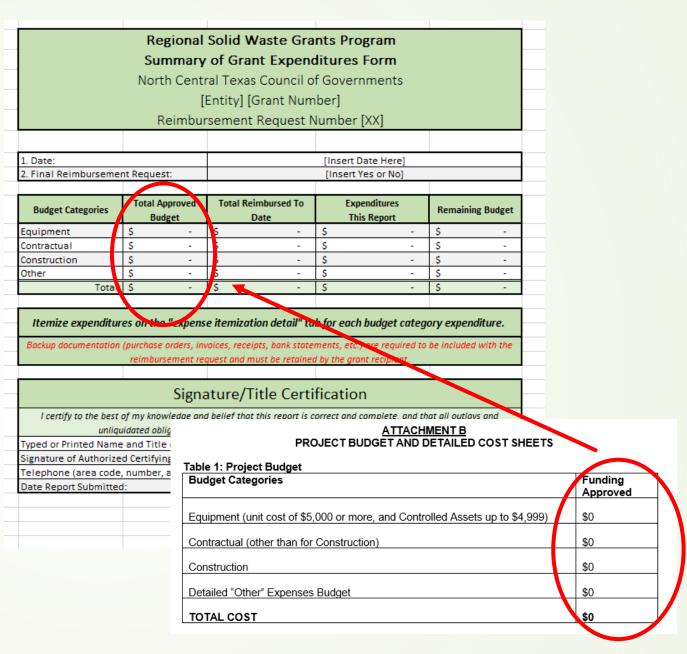

- A Request for Reimbursement contains the following tabs
 - 1. Summary Page
 - 2. Expense Itemization Detail
 - 3. Matching Funds Summary Page
 - 4. Matching Itemization Detail
- If your ILA does not include Matching Funds, you do not need to fill out the Matching Funds tabs.
- Grant managers will provide each grant recipient the template Request for Reimbursement.

Expense Itemization Detail

- When completing the Expense Itemization Detail Page, it is important to include an accurate description of each item, the quantity, and unit cost.
- If there were shipping costs associated with the purchase of the items, the shipping costs must be on their own line item to match with the backup documentation.
- The total expenditure column in the "Equipment" and "Other" categories will auto-populate based on the quantity and unit cost of the line item. Please do not override the formula in those cells.
