ACTION ITEM

2. Review of MSW Facility Application Evaluation form, questions and answers, and vote on the conformance recommendation for the City of Denton Landfill.

The subcommittee discussed the permit amendment application and asked questions including what would be the process of developing a privacy screen around certain areas of the landfill, if Pecan Creek would be impacted by the expansion, the intended depth of the excavation, and the disposal capacity of nearby sites.

Jeff Mayfield, North Texas Municipal Water District, made a motion to recommend to the Resource Conservation Council that this permit amendment is in conformance with the North Central Texas Regional Solid Waste Management Plan. Shane Davis, City of Farmers Branch, seconded and the motion passed unanimously. Mr. Kemler abstained from the vote.
