

AGENDA

UAS Safety and Integration Initiative

August 27, 2018

3 pm

1. Introductions

2. Update on August 1, 2018, Action Items

- a. Internal UAS Group to provide any additional existing committees that are not listed on the updated UAS Initiative organizational structure chart.
- b. Add David Setzer and Dana Buckholt from Workforce to the Committee.
- c. Internal UAS Group to provide other testing ideas.

Update: Received the following from Jessica Mason, Emergency Preparedness:

- i. Damage assessment related to weather and/or man-made events, including integration with our GIS response team
 - ii. Delivery of rescue materials such as life jackets to stranded or at-risk people
 - iii. Search and rescue for individuals during weather and/or man-made events
- d. Add new members to proposed UAS Task Force List; Internal UAS Group please send additional members to Ernest.

Update: New Potential Task Force Members added since last meeting:

- i. Greg Cutler, Emergency Management Coordinator, City of Mansfield; Travis Calendine, Assistant Emergency Management Coordinator, The Colony; Jamie Moore, Emergency Management Coordinator, Johnson County; Garrett Bryl, UAS Pilot, Fire Fighter, City of Joshua (provided by Jessica Mason)
 - ii. Bill Macke, Airport Planner, TxDOT; Jay Joseph, Deputy Director/FSS Director, TxDOT; Wayne Sanderson, Airport Manager, Mineral Wells; Al Bruner, Aviation Safety Inspector, UAS Program Manager, FAA
- e. Reschedule the first UAS Task Force Meeting on a Tuesday instead of Friday.
Update: Date set for Tuesday, October 23, 10:00 am to 12:00 pm
 - f. Internal UAS Group needs to provide comments and interest on Activities Matrix to Ernest.
 - g. Future meeting could include legislative position. Need to coordinate with Amanda and 911. 911 is looking at changes to the Texas legislation to include 911 or other public entities to include in mapping. 911 will share the language with the group.
 - h. Transportation will determine if it has any developer contacts so 911 could implement a pilot test for their UAS.

3. Legislative Items

- a. 911 Proposed Legislative Language
- b. No-Fly Zone
- c. UAS Take-Off and Landing Restrictions

4. Initiative Logo Options (~~Tentative~~)

5. Next Steps
