Legislative Update

NAS Fort Worth JRB Regional Coordination Committee
March 18, 2019

Legislative Update

REGIONAL COORDINATION COMMITTEE | MARCH 18, 2019

NICHOLAS ALLEN

NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS

2019 NAS Fort Worth, JRB RCC Legislative Position

The RCC seeks legislation that promotes compatible development and minimizes encroachment through the following tools:

- Creating effective methods to initiate dialogue between project developers, military bases, and City, County, and State Officials prior to development for proposed activities (e.g. wind turbines, communications towers, sensitive land uses, lighting, etc.) that may affect military operations;
- Expanding communication efforts to inform current and potential residents or tenants of new construction residential, multifamily, and commercial development who may be affected by military operations;
- Adding military installations and training areas and adjacent land to the list of restricted areas for UAS operation per Texas Government Code Sec. 423;
- Supporting collaboration between local governments, state, and the Federal Aviation Administration to advance regulations to ensure safe operations of unmanned aircraft vehicles.

Bills of Interest- Land Use & Wind Turbines

- **HB 3168 (Flynn) / HB 4180 (Miller):** Removes tax incentives for property owners who install wind turbines within 25 nautical miles of a military aviation facility (Adds rotary to current law; currently fixed wing only)
- **HB 4368 (Martinez Fischer):** Requires county commissioners to collaborate with military aviation facilities to designate unincorporated locations for wind turbines
- **HB 4554 (Cyrrier):** Allows Parks and Wildlife Commission to determine where wind turbines should not be installed in West Texas (Devil's River)

Bills of Interest - Unmanned Aircraft

• Images

- **HB 3164 (Clardy)**- 911 mapping
- **HB 59 (Zaffirini)**- Delivery
- **HB 2912 (Zerwas)**- Disaster preparation
- **HB 2512 (Miller)**- Environmental condition

• Operations

- **SB 1701 (Whitmire) / HB 4084 (Walle)**- Flight over schools
- **SB 2299 (Powell)**- Military installations
- **HB 3082 (Murphy) / SB 1996 (Birdwell)**- Adds 'criminal negligence' to code

Joint Land Use Study Implementation Grant Update

NAS Fort Worth JRB Regional Coordination Committee
March 18, 2019

OVERVIEW

- Joining Forces study completed in 2018
- Over 150 strategies identified, both regional and installation-specific
- JLUS Implementation Grant to be sought from Department of Defense, will require local match
- Need to confirm need and prioritization of implementation activities and identify implementing entity for each activity
- **OEA Guidance: Need to connect to added value to DoD, no other resources for grant funds being requested, connect back to original JLUS grant issues to be addressed – average amount \$200,000 over 18-24 months**

ORIGINAL JLUS GRANT REQUEST

- Maintain, foster and grow outstanding relationships with surrounding local communities
- Best practices, low impact development strategies and preventive measures related to airfield flooding
- Protection of key military training areas from incompatible development, including wind energy projects and cumulative effects of noise complaints
- Prevention of incompatible development surrounding other North Texas military installations
- Monitor additional residential growth in the noise contours, but also near other military installations
