The March 21, 2023 meeting summary was approved.

STORMWATER

4. **Stormwater Subcommittee Project Discussion.** NCTCOG will request feedback on future projects and workshops.

Attendees provided feedback on future projects and workshops, including the desire to host a follow-up workshop to the Green Asset Management Workshop hosted jointly by US EPA and NCTCOG in May 2023.

Attendees also discussed the effects due to the lack of the EPA Region 6 Conference and the need for infusion of new ideas outside of the North Central Texas region.

WASTEWATER

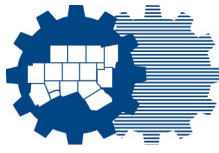

5. **Wastewater Subcommittee Project Discussion.** NCTCOG will provide an update on the On-Site Sewage Facility (OSSF or septic system) brochure. NCTCOG will request feedback on future projects and workshops.

Attendees provided feedback on the draft On-Site Sewage Facility (OSSF or septic system) brochure. NCTCOG is requesting feedback from stakeholders by August 11, 2023. The final version will be posted online and shared in the September 2023 TMDL newsletter.

Attendees discussed the need for general educational materials and standard language for wastewater concerns for commercial entities, such as car washes, restaurants, day cares and more. NCTCOG will develop draft materials such as brochures, flyers, standard email language for this audience and present it to the subcommittee for feedback and use.

Attendees discussed that after these materials were created, that similar materials be created for providing information to real estate agents/companies and homeowners associations.
