FY22 Training Opportunity

Panel discussion on a simulated case study - “What Would Your Entity Do...?”

- 2-3 panel volunteers needed
- 1+ hour training with open discussion at end
- Receive “case study” in advance to prepare responses
- Respond to prompt – What would you do if you’ve conducted a Good Housekeeping inspection and issue a report but there is no escalation of a response?

If interested in participating on panel, please email
Crysta Guzman, cguzman@nctcog.org.

FY23 Work Program Discussion

FY23 Work Program for member input:

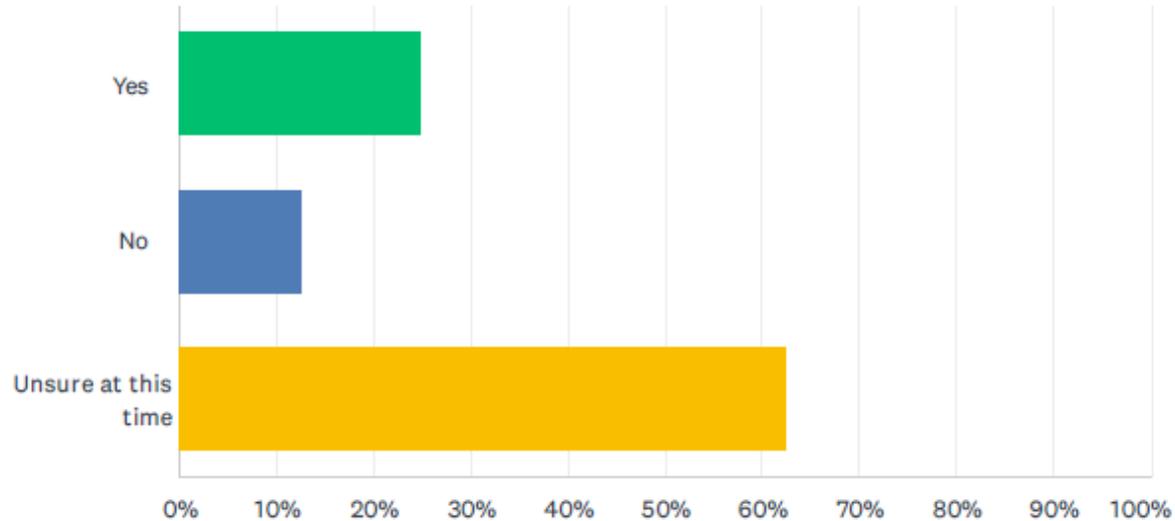

- Seeking three volunteers for member presentations:
 - 10–15-minute presentation
 - Anticipated FY23 meetings – December, March, June
 - Can cover topics of:
 - *Internal training schedules, tracking or documentation procedures*
 - *Control of floatables or pollutant discharges*
 - *Maintenance schedules or seasonal operations*
 - *Municipal/agency inspections (scheduled, surprise)*
 - *Case study on an identified problem and solution*
 - *Process improvement at municipal/agency operations*
 - *Your own ideas...*

Suggestions received on survey for a FY23 Special Project:

- ✘ ■ Structural BMPs
 - *Outside of the scope and focus of this group.*
- ? ■ Fun “reminder” messages for pollution prevention/good housekeeping facility supervisors/staff and operations staff. E.g., email sent once per month with “keep it clean” reminders, pointing to general or specific good housekeeping items. Template messages to be short and succinct. Could be colorful and infographic in style.
 - *Staff could support this request - with input from group on developing the content of the “messages”.*
