

Regional Stormwater Management Coordinating Council Meeting

August 18, 2021

Welcome and Introductions

Meeting Summary

- May 19, 2021 meeting summary [handout](#)
- Vote on the summary

Fiscal Year 2022 Reappointments

Thank you, watershed members, for voting electronically in the Watershed Representative elections. The following representatives were reappointed to the RSWMCC:

- East Fork Watershed: Tracy Homfeld, Collin County**
- Elm Fork Watershed: Perry Harts, City of Frisco**
- Main Stem Watershed: Charles Brewer, City of Hutchins**
- West Fork Watershed: Greg Dickens, City of Hurst**

Fiscal Year 2022 Vice Chair Nominations

- Nominations for Vice Chair of the Regional Stormwater Management Coordinating Council are now being accepted. Please consider the following before making a nomination:
 - the Committee Procedures require that the Vice Chair alternate between a Phase 1 and a Phase 2 city. Nominees must be from a **Phase 2** city.
 - Vice Chair is a 3-year commitment (Vice Chair, Chair, Past Chair) on the executive team.
 - The Committee Procedures do not limit the number of terms a person or entity may serve, so if you have served previously, you may do so again.
 - You may self-nominate!
 - Please send your nominations to staff. Staff will send all eligible nominations to the Executive Board for their review.
- **Voting for the Vice Chair will be done electronically. Staff will announce when voting has started, and the results.**

Fiscal Year 2021 Work Program highlights

Some accomplishments from FY21 so far:

- Healthy Creeks and Waterways webinar
- TMDL Calculations workshop (in partnership with the TMDL program)
- Trash Free Waters program partnership
- Municipal BMP Show & Tell webinar
- North Texas Community Cleanup Challenge
- Doo the Right Thing campaign (reformatted and with social media toolkits)
- Texas SmartScape – March is Smartscape graphics
- P2 videos in Spanish – in editing! Link to video portal
- IDDE Advanced Dry Weather Training
- 2 Post Construction Roundtables

Fiscal Year 2022 Work Program

NCTCOG staff requests discussion of and voting on the proposed FY22 Regional Stormwater work plan.

Draft Work Plan

Roundtable Program

TMDL Calculations Workshop

- Held on April 20, 2021 at 9:30am
- Presentation slides and workshop recording are available online at www.nctcog.org/TMDL under “Workshops” banner
- Workshop recording is also available on NCTCOG E&D’s YouTube page at <https://www.youtube.com/watch?v=Y3g2c246cgY>

Future Post Construction Inspection Event topics

- Public vs private BMP maintenance/guidance documents
- Model contract for private BMP maintenance
- Inspection checklists
- Case studies
- City of McKinney pilot/new program

FY21 Invoices/Cost Shares

Fiscal Year 2022 cost shares amounts are the same as last year

We are at 89% committed for FY21, and about 81% funded.

- The webpage <https://www.nctcog.org/envir/watershed-management/stormwater/cost-share> will be reset for cost share requests on October 1.
- You may request an invoice through the webpage, or by emailing staff a request to mail you an invoice.

Commitments Received as of August 16, 2021

Addison	Denton	Mansfield
Allen	Denton County	McKinney
Arlington	Duncanville	Mesquite
Azle	Farmers Branch	Murphy
Benbrook	Flower Mound	N. Richland Hills
Burleson	Fort Worth	NTTA

Deadline to sign on: **October 1st**

NORTH TEXAS COMMUNITY CLEANUP CHALLENGE

WEBINAR RECAP

OVERVIEW OF THE NTCCC – WHO CAN PARTICIPATE

Who Can Participate?

- Everyone in the North Central Texas Region! We want our communities as a whole to get involved in the challenge and be inspired to make environmental stewardship a priority.

What does this mean for the competition?

- To be eligible for the trophy (and bragging rights!), communities need to register and sign-up on the website no later than **October 1st** to officially participate. Once registered, you will be able to post cleanup events on the calendar and be recognized as a participating community.
- Individual participants aren't limited to only cleaning up at organized local events. Any cleanup of litter and trash at their local park, neighborhood, or block in which they live or work that is collected any time during the challenge timeframe can be reported and count towards the community in which they collected the litter.
- All cleanup data by communities and individuals must be for activity that occurred during the challenge timeframe of **September 1st to October 31st, 2021** and must be logged by **November 30th, 2021**!

OVERVIEW OF THE NTCCC – JOIN THE CHALLENGE!

Joining the Challenge – Community/Organization Level:

- Joining the North Texas Community Cleanup Challenge is easy and takes just a few simple steps.
 - Navigate to the “Log Cleanup” page
 - Select “Community Account Sign In”
 - Click “Create New User Account”
 - Enter your info and post cleanup events to the event calendar

 Important: Please sign your community up for the cleanup challenge no later than **October 1st** to be eligible for the trophy and all data must be logged by **November 30th, 2021!**

 Don't forget to advertise your participation in the NTCCC when promoting your event! Use our hashtag **#NTXCleanupChallenge** before, during, and after the event and make use of the NTCCC logo.

 Don't forget to count your Adopt-A-Spot collection data if it gets reported back to you!

OVERVIEW OF THE NTCCC – JOIN THE CHALLENGE!

Joining the Challenge – Individual Level:

- To participate in the North Texas Community Cleanup Challenge as an individual participant:
 - Pickup litter at any time in your neighborhood, community, or place of work
 - Navigate to the “Log Cleanup” page
 - Select “Log Individual Cleanup”
 - Enter litter collection data

- Note: When participating in an organized cleanup event, please do not report your individual litter collection data. The event coordinators should report data for the event as a whole.

OVERVIEW OF THE NTCCC – SCORING

SCORING:

- To even the playing field between larger and smaller communities, scoring is calculated using a weighted average of collected litter and trash, number of volunteers, and volunteer hours on a per-capita basis. This means that we divide the efforts logged by a city's population.
- The formula for calculating each city's score is as follows:
$$((\text{Number of Events} \times 3) + (\text{Total Volunteers} \times 2) + \text{Total Bags Collected}) \times 10000 / \text{Population}$$
- Population numbers are calculated using the North Central Texas Council of Governments' 2019 Population Estimates.

WEBSITE RESOURCES

**NORTH TEXAS
COMMUNITY CLEANUP
CHALLENGE**

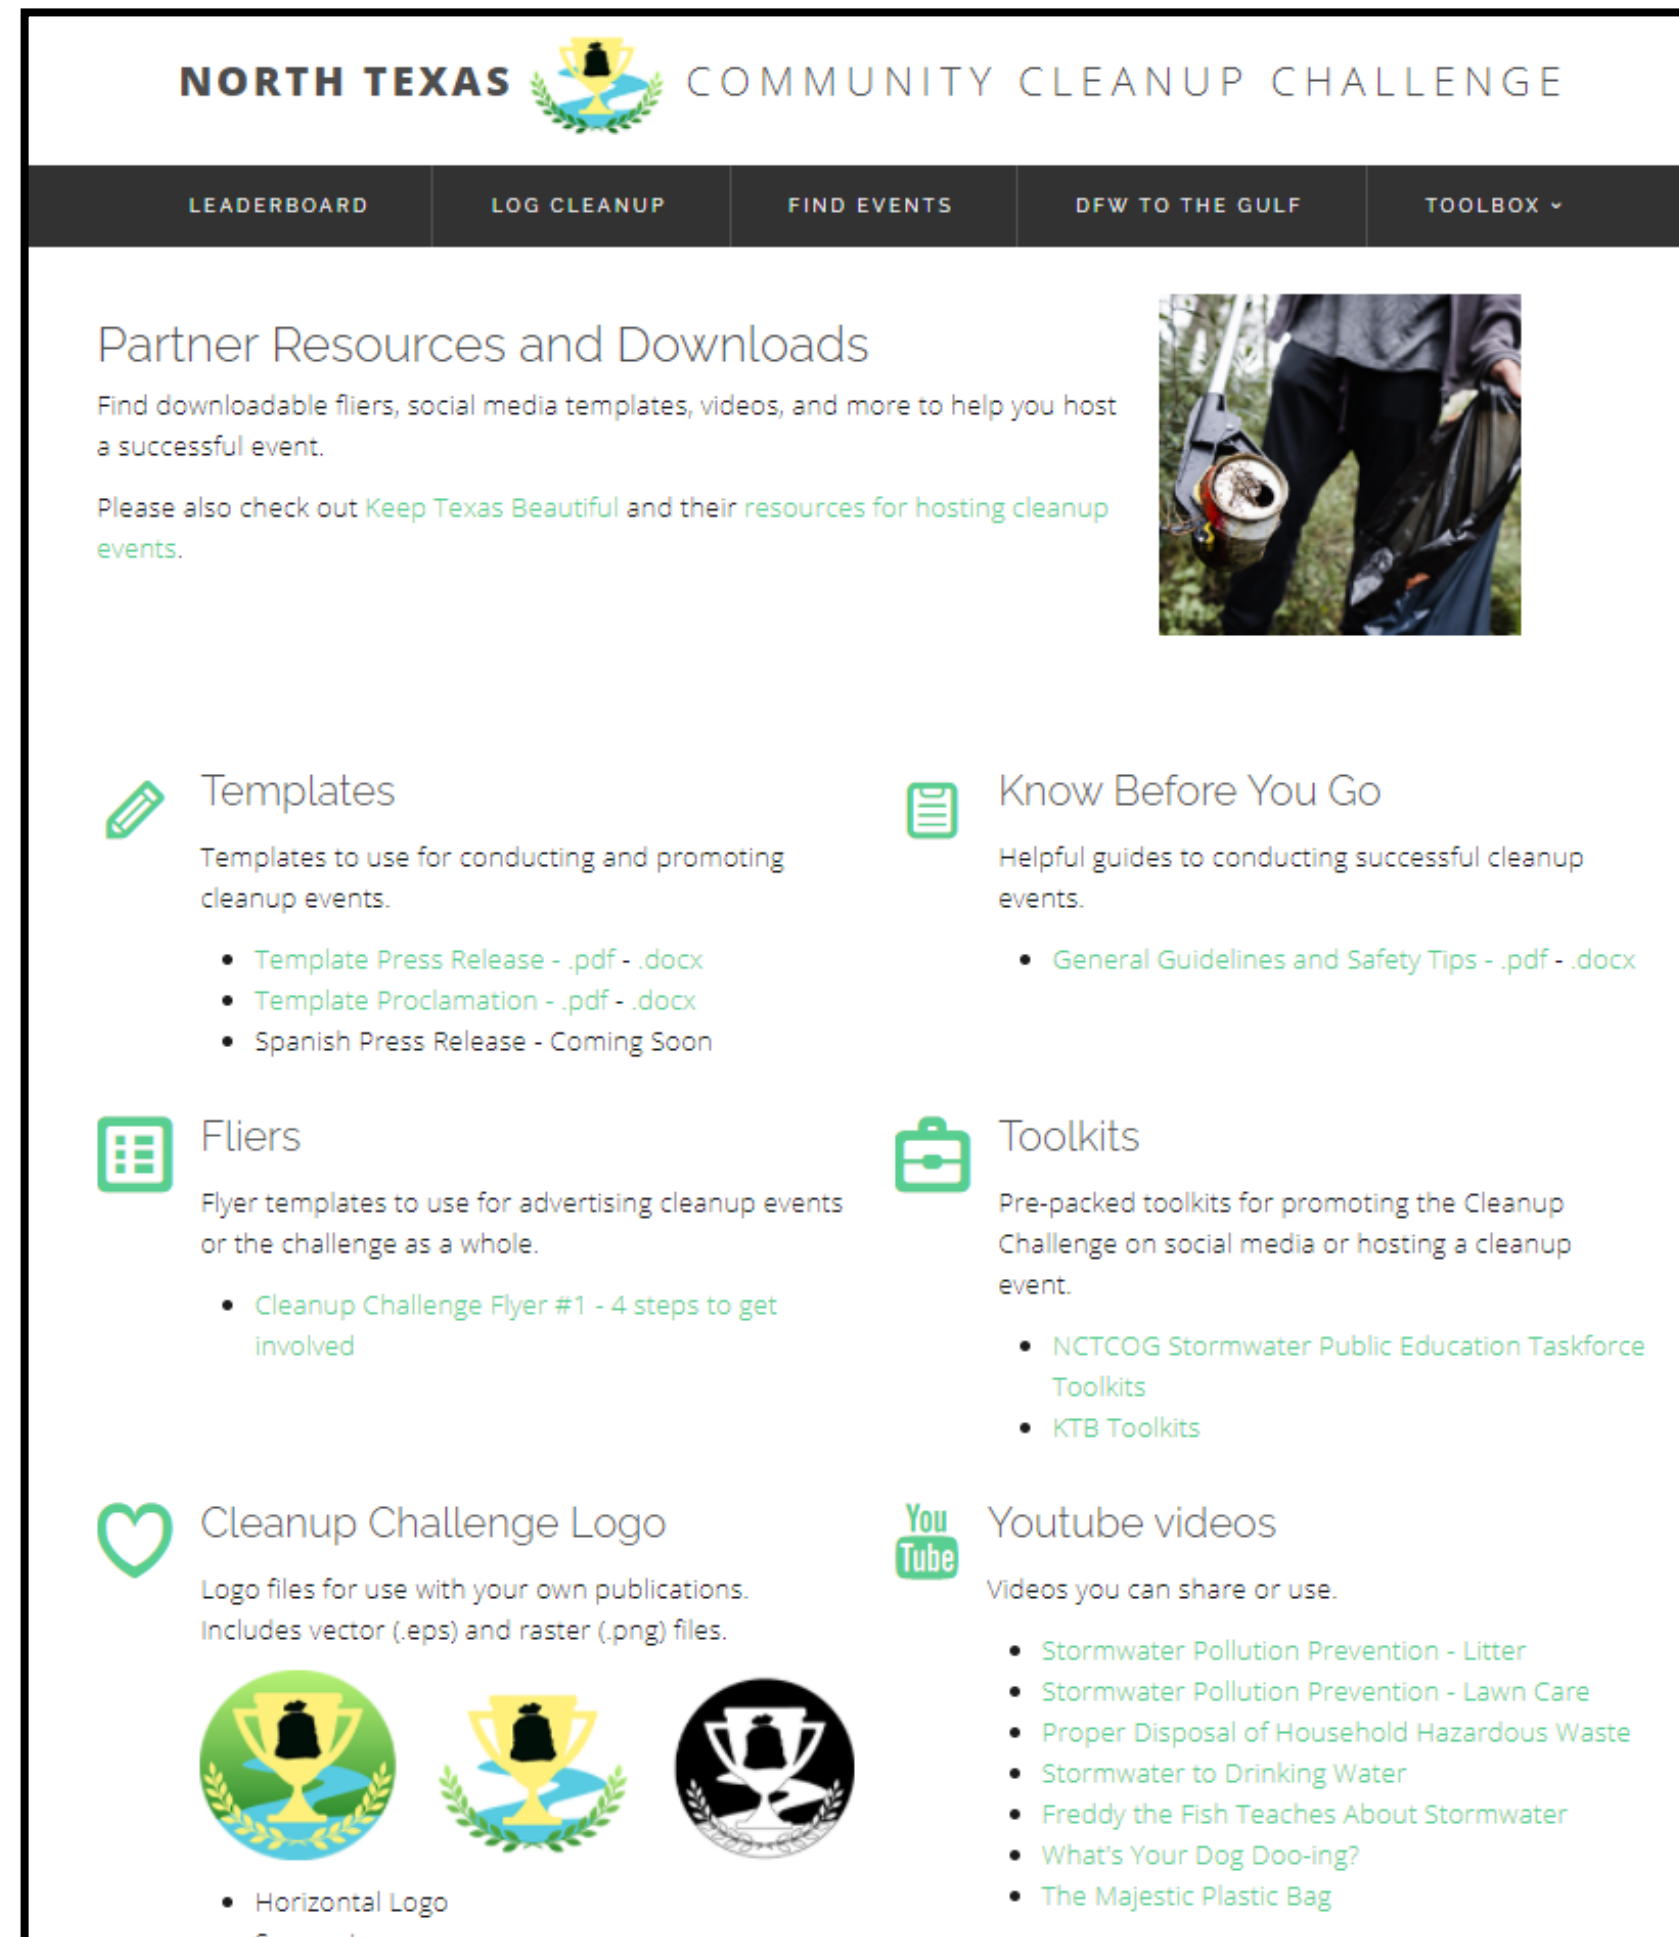

Litter Blows.
JOIN THE NORTH TEXAS
COMMUNITY CLEANUP
CHALLENGE.

About the Challenge
The North Texas Community Cleanup Challenge is a friendly competition among North Texas communities to see who can pick up the most litter per resident. Communities, churches, boy scouts, girl scouts, companies, activists, or just ordinary citizens can organize litter cleanup events in their communities or simply log existing events and efforts as they occur. At the end of the contest, the community with the most litter cleaned up per resident will receive the North Texas Community Cleanup Challenge award that they can proudly display in their city hall. Each year the trophy will move from community to community, each adding their name to the legacy of litter cleanup efforts.

Four Easy Steps to Get Involved

1. Click here to create an account and sign-on.
Don't forget to submit your logo for use on the website!
2. Organize and advertise your event(s) and participation in the NTCCC.
Optional: Join the Mayor's Challenge by issuing a Proclamation (view a template here).
3. Check out the Partners Resources Toolbox for items such as safety tips, general guidelines, a template press release and more.
4. Hold your cleanup events and log your data by Nov. 30th.
Tag the NTCCC on social media using the #NTXCleanupChallenge on Facebook, Twitter and Instagram!

To learn more about the program, visit
www.CommunityCleanupChallenge.com!

COMPLETE: Fleet Maintenance & Materials Handling

COMPLETE: Streets & Drainage Maintenance

COMPLETE: Construction Activities & Land Disturbances

COMPLETE: Parks & Grounds Maintenance

IN PRODUCTION: Solid Waste Operations

Completed videos are in the [Pollution Prevention Online Training Portal](#).

FY2022 Work Program Task Force Projects

POLLUTION PREVENTION (P2) TASK FORCE

FY22 Special Project and Meeting Format Change:

- **FY22 Special Project:** BMPs for the (non-structural) maintenance of waterways.
- **Meeting Format Change:** The Pollution Prevention Task Force has recently voted, though a survey, to change the format of their meetings from a task force to a Roundtable. If approved, that would mean:
 - Have Quarterly meetings
 - Annual workshop/training event remains an option
 - NCTCOG staff would help facilitate speakers for the Roundtable
 - Special projects would be optional, but they have elected one for FY22

FY2021 Work Program Task Force Projects

ILLICIT DISCHARGE DETECTION & ELIMINATION (IDDE) TASK FORCE

Upcoming meeting:

- December 9, 2021, at 9:30 AM - Microsoft Teams Meeting
- **Industrial Inspectors training – Scheduled for October 27th 2021**
 - *Looking for phase II city representatives to present their industrial inspection program.*
- Discuss dry weather training opportunities for FY22.
- If your City would like to present a case study to the IDDE group, please contact Carolyn Horner.

✓ Trash Free Waters – Engage & Educate Task

- Task 3 - Engage & Educate includes work on encouraging a cleanup culture
- Under this task, the project team is conducting pilot events connecting communities with recreational groups on unique cleanup activities such as plogging or integrating litter cleanups with cycling and paddling
- Outcome is the development of resources and/or toolkits to help communities connect with recreational groups and new audiences on unique cleanup activities
- Forming a short-term Advisory Group to help inform this task
- Would like to know:
 - What our members, as potential stakeholders, are able and willing to do to promote and coordinate on these types of events?
 - What support is needed from NCTCOG to help advance these efforts?
- If interested in being part of the Advisory Group, please contact Crysta Guzman at cguzman@nctcog.org

📧 Don't Forget! Started issuing a bi-monthly Trash Free Waters: North Central Texas newsletter in March. Subscribe to the newsletter [here](#).
