

SUMMARY

Illicit Discharge Detection and Elimination Task Force

Thursday, March 31, 2016

9:30 a.m.

Tejas Conference Room

NCTCOG Offices – Centerpoint III, 3rd Floor

600 Six Flags Drive, Arlington

Action and Discussion Items

1. Summary from last meeting
 - The summary from the [January 7](#) meeting was presented. No comments were received.
2. FY2016 Projects & Trainings
 - Industrial Inspector Workshop
 - Review of evaluations & discussion

NCTCOG discussed the evaluations and feedback from stakeholders at the Industrial Inspector Workshop on March 22nd. Overall comments were positive, though the main comment received was for the inspection portion of the workshop to find a facility other than an airport.
 - Potable Water Discharges and Fish Kill Reporting Fact Sheet update
 - Fact sheet has been updated to include information from the January 12th Potable Water Workshop.

NCTCOG presented the latest revision to the factsheet for review. Task Force members had comments on the specific parameters outlined in the Unplanned Potable Water Discharge Handout. They asked to review the Texas Water Code and EPA website to make sure the values are correct. Task Force members also asked that for the handouts for identification of different fish and wildlife that more perch be included since they are so prevalent in area lakes. Staff will also work with additional NCTCOG staff to develop a more robust factsheet that is visually appealing and reach out to Texas Parks and Wildlife and TCEQ for review. A final draft will be presented at the July 14th meeting.
3. The Task Force will discuss the FY2017 projects that were approved by the RSWMCC.
 - Advanced IDDE Training Update
 - Intermediate IDDE Training
 - Dry Weather Field Screening

NCTCOG discussed the approved projects with the Task Force. The Task Force discussed the three different IDDE trainings including a Basic, Intermediate, and Advanced trainings and updating the IDDE Training Manual published 2010. Krista Pender volunteered to provide old Intermediate Training folder for NCTCOG to review. NCTCOG will begin to review and compile

historic documents related to these trainings and training manual. NCTCOG will bring these items to the fall IDDE meeting with recommendations on how to develop these materials.

Roundtable / Discussion

4. Staff Updates and Discussion Items

Task Force members discussed the level of development in the region, specifically in Collin County. Frisco stated that they had approximately 1,000 active construction permits. Also, Task Force members noted that La Motte had reinstated at the following website <http://www.lamotte.com/en/water-wastewater/potable-wastewater-outfits/7449.html>.
