1. 11:00 – 11:05 AM

Welcome, Introduction

Presenter: Huong Duong, Air Quality Planner, NCTCOG

2. 11:05 – 11:20 AM

SmartWay Verified Technologies

Presenter: Patrice Thornton, Environmental Protection Specialist,
Environmental Protection Agency

Over the past decade, technologies have made unprecedented impacts on improving supply chain freight efficiency. The SmartWay Technology Program has verified numerous innovative technologies, which fleets are adopting because of their rapid return on investment.

EPA-verified technologies save fuel and reduce emissions for tractors, trailers, and locomotives. EPA verifies aerodynamic devices, idling reduction equipment, and new and retread low rolling resistance tires. EPA also designates tractors and trailers equipped with certain combinations of EPA-verified technologies as SmartWay tractors and trailers.

3. 11:20 – 11:35 AM

SMARTE Vendor Directory

Presenter: Jason Brown, Principal Air Quality Planner, NCTCOG

Being a SMARTE vendor is one way to help our local trucking industry reach their sustainability goals by partnering with SmartWay. This presentation will focus on the SMARTE Vendor Directory, explaining what it is, its benefits for the vendors and the local trucking industry, and how you can become a SMARTE Vendor!

4. 11:35 – 11:50 AM

Panel Discussion

Presenter: Huong Duong, Transportation Planner, NCTCOG

This is an opportunity for anyone to ask our presenters any questions they may have about SmartWay Verified Technology or the SMARTE Vendor Directory.

6. 11:50 – 12:00 PM

Local Updates and Close

Presenter: Huong Duong, NCTCOG

Next Webinar

Topics: Environmental Justice and Trucking
