Tejas Conference Room

Chair: Kevin Hurley, City of Dallas

Vice Chair: Perry Harts, City of Frisco

1. Welcome and Introductions.

ACTION ITEMS

- 2. Regional Stormwater Management Coordinating Council (RSWMCC) Meeting Summary.** The November 15, 2023, [draft meeting summary](#) is available on the website for viewing.

A motion was made to approve the November 15, 2023 meeting summary; the motion was seconded and the summary was approved as presented.

- 3. Cost Share Program Update.** A vote will be held on the proposed updates to the Regional Stormwater Management Program cost shares.

Crysta Guzman, NCTCOG, gave a recap of the proposed updates to the cost share structure for the Regional Stormwater Management Program that were presented to the committee at the November 15, 2023, meeting. After recapping the proposed update to the cost share structure, a vote was called to approve the updates to the cost share program. The motion passed unanimously. The updated cost share structure and table will be posted to the [Program Participation](#) page.

DISCUSSION/PRESENTATION ITEMS

- 4. Integrating Planning for Transportation and Stormwater Infrastructure.** NCTCOG staff will give a presentation on the Transportation and Stormwater Infrastructure (TSI) program.

Jai-W Hayes-Jackson, NCTCOG, gave a presentation to the committee on the Integrating Planning for Transportation and Stormwater Infrastructure (TSI) program. This presentation can be found on the committee page.

INFORMATION ITEMS

5. FY2024 Work Program. The NCTCOG staff will discuss on-going, and planned task force activities and other components of the regional stormwater management program. Topics include:

- General program activities
- FY2024 Cost Share participation
 - The cost share program is 77% funded at \$237,875 as of February 15, 2024. If an entity needs a copy of an invoice, please reach out to Crysta Guzman, cguzman@nctcog.org.
- Public Education Task Force
 - The [campaign resources](#) for the 2024 March is Texas SmartScape Month have been shared with members of the PETF via email. These resources include the sample longform newsletter and shorter blurb. The corresponding graph for 2024 is delayed due to a staffing vacancy on the NCTCOG communications team.
 - The 2024 North Texas Community Cleanup Challenge (NTCCC) will take place from March 1st, 2024, through May 31st, 2024. Entities who wish to participate in the NTCCC or the optional Mayors' Challenge have until April 15th to join the challenge. The reporting deadline for activities which took place during the challenge timeframe is June 30, 2024. All trash reports for the challenge are submitted through the [Texas Litter Database](#) using the external ID "CCC24". Learn more about the NTCCC at the [program information page](#). To date, the communities of Carrollton, Dallas, and Mansfield have all signed on.
 - The FY24 Special Project of continuing work on a series of educational videos is on hold while staff look for additional options to facilitate the video production. Recent quotes were cost prohibitive. Any significant updates prior to the next meeting will be shared electronically.
 - PETF Activity Reports have been completed and shared with the members for their reporting periods.
- Pollution Prevention Roundtable
 - Drafts of the template reminder messages along with the corresponding visual posters were shared. These drafts will be shared with members of the Pollution Prevention Roundtable at their next meeting for finalization.
 - A BMP Show and Tell event to serve as an educational event for the group is planned with details to be announced later after confirmation of all speakers.
- Illicit Discharge Detection & Elimination Roundtable
 - The IDDE group has completed a Manure Management BMP brochure as well as a Construction General Permit 2023 Update Infographic.
 - Members will discuss training workshops for 2024 at their next meeting.
- Stormwater Monitoring Program
 - The initial draft of the proposal for the Fifth Permit Term is being reviewed by TCEQ and it will be a minimum of 60 days before any feedback is received.
 - TCEQ confirmed compliance within the Phase I permits following the Regional Wet Weather Characterization Program (RWWCP), however, it is too early to confirm the official start date of the new program term.

6. Other NCTCOG Program activities:

- Integrated Stormwater Management (iSWM) Program Activities
 - The next subcommittee meeting will be held virtually on April 24, 2024.

North Central Texas Council of Governments
