- a. **Basic Dry Weather Field Screening Training.** NCTCOG staff will review the June Basic DWFS Training with the Task Force.

The Task Force discussed the Basic DWFS training held June 20<sup>th</sup>. The class was nearly full, and the evaluations were very positive. The Task Force agreed that future trainings would benefit from a more comprehensive testing experience and from a presentation about the report that communities file in conjunction with testing.

- b. **Advanced Dry Weather Field Screening Training.** NCTCOG staff will discuss plans for the September Advanced DWFS Training with the Task Force.

The Advanced DWFS training will be held in September. A date will be selected soon pending room availability at the Carrollton library.

- c. **Automotive Related Business (ARB) Fliers.** NCTCOG staff will present the third draft of the ARB fliers and solicit comments and/or seek a vote to approve.

The Task Force provided the last round of feedback, focusing primarily on improved pictures and consistency in formatting. NCTCOG will make the changes, have the documents translated into Spanish versions, and send both Publisher and Illustrator files to the members for use in their communities.
