Item 5

JLUS Implementation Grant Update

**NAS Fort Worth JRB Regional Coordination Committee
October 21, 2019**

Overview

- Joining Forces study completed in 2018
- Over 150 strategies identified, both regional and installation-specific
- JLUS Implementation Grant to be sought from Department of Defense, will require local match
- Need to confirm need and prioritization of implementation activities and identify implementing entity for each activity
- **OEA Guidance: Need to connect to added value to DoD, no other resources for grant funds being requested, connect back to original JLUS grant issues to be addressed – average amount \$200,000 over 18-24 months**

Original JLUS Grant Issues

- Maintain, foster and grow outstanding relationships with NAS Fort Worth JRB and surrounding local communities
- Protection of key military training areas from incompatible development, including wind energy projects and cumulative effects of noise complaints
- Monitor additional residential growth in the noise contours, but also near other military installations
- Prevention of incompatible development surrounding other North Texas military installations
- Best practices, low impact development strategies and preventive measures related to airfield flooding

Proposed Work Tasks

DRAFT

- Coordination Between Military and Community
- Local Planning and Encroachment Protection
- Sound Attenuation Measures
- Economic Development Focused on Joint Use Facilities and Increasing Installation Capabilities
- Aviation Issues Including UAS and Airspace Trends
- Infrastructure Improvements
- Perimeter Security Partnerships
- Stormwater Issues
- Public Information
- Grant Management

JOINING FORCES

Next Steps

- ✓ Meeting with Texas Military Department, Base Commanders
- ✓ Meeting with NAS Fort Worth JRB
- ✓ Develop detailed grant application and budget
- NCTCOG Executive Board approval
- Develop implementation schedule
- Grant award
