- TOD Resident / Employee Survey

FTA TOD Planning Pilot Progress

First/Last Mile Pedestrian Routes to Rails Connectivity

- Lee Engineering selected to conduct engineering work

TOD Parking Utilization Study

- Nelson\Nygaard selected to conduct study

TOD Resident / Employee Survey

- Anticipated procurement this summer

FTA TOD Planning Pilot Deliverables

Recommendations for targeted sidewalk or path construction and priority tool for future identification

Observed TOD parking use data and policy recommendations

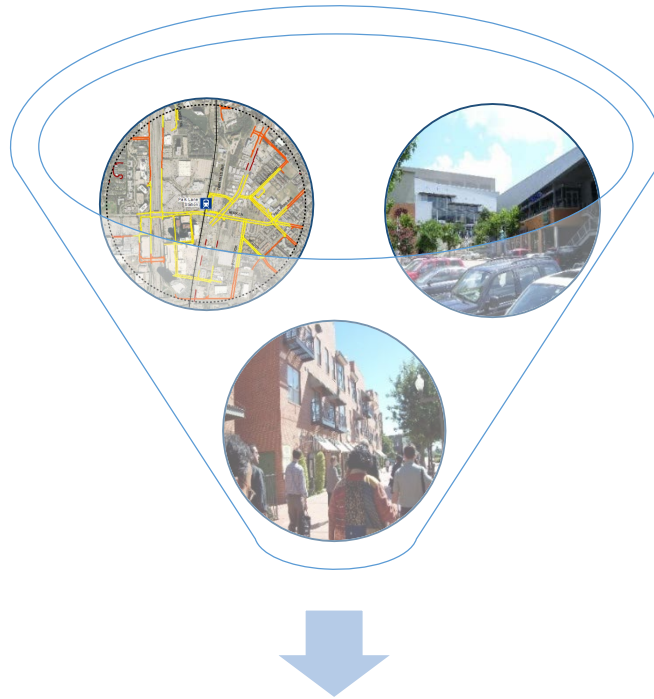

Travel behavior, preferences, and demographics on who lives or works near rail stations

FTA TOD Planning Pilot Deliverables

Task 4

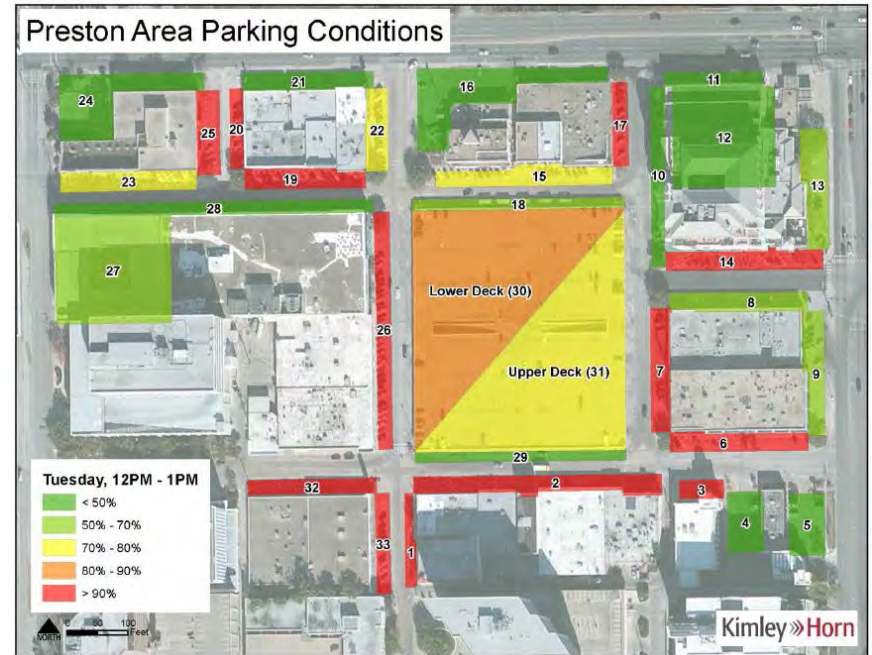

Comprehensive corridor TOD recommendations applicable at regional level (tentatively spring 2019)

Has your city completed a parking study?

1. NCTCOG is collecting examples of parking studies for mixed-use districts to be posted on website for regional database.

2. Are there parking counts, studies, or other projects/products you'd like to see for your community?
