LOCAL GOVERNMENT ENERGY REPORTING

The [Texas Health and Safety Code §388.005\(c\)](#) requires each political subdivision in a non-attainment area or an affected county to establish a goal to reduce electric consumption by at least five percent each state fiscal year. In 2019, the 86th Legislature passed [Senate Bill 241](#), extending the timeline for this requirement seven years beginning September 1, 2019.

Each political subdivision, institution of higher education or state agency must submit a report annually to SECO regarding the entity's progress and efforts to meet the five percent annual reduction goal. The deadline to submit reports is **February 1, 2021**. An entity that does not attain the established goals must justify in their annual report to SECO that the entity has already implemented all cost efficiency measures.

Who Reports

The reporting requirements apply to each political subdivision, institution of higher education and state agency facility located in the 41 non-attainment areas or affected counties in Texas: Bastrop, Bexar, Brazoria, Caldwell, Chambers, Collin, Comal, Dallas, Denton, El Paso, Ellis, Fort Bend, Galveston, Gregg, Guadalupe, Hardin, Harris, Harrison, Hays, Henderson, Hood, Hunt, Jefferson, Johnson, Kaufman, Liberty, Montgomery, Nueces, Orange, Parker, Rockwall, Rusk, San Patricio, Smith, Tarrant, Upshur, Waller, Williamson, Wilson and Wise.
