In June 2018, the NCTCOG Executive Board authorized the North Central Texas Council of Governments (NCTCOG) to contract with All Points of Texas for moving and temporary storage services relating to the NCTCOG headquarter renovations. The contract was authorized for a maximum three (3) year term and in an amount not to exceed $300,000.

Since that time, All Points of Texas has been utilized to provide the various moving and storage services as the NCTCOG headquarter renovation project has progressed. It has recently been determined that the original approved contract threshold of $300,000 is not sufficient to complete the renovation project. NCTCOG staff recommend amending and increasing the contract amount with All Points of Texas by an amount equaling $75,000.

A draft resolution authorizing a contract amendment with All Points of Texas to increase the not to exceed amount by $75,000, for a revised total contract not to exceed amount of $375,000 is attached for Executive Board consideration.

I will provide a brief presentation on this item and be available to answer any questions prior to requesting Board approval.

WHEREAS, a resolution was approved by the NCTCOG Executive Committee during the June 2018 meeting authorizing the NCTCOG to enter into a contract with All Points of Texas for moving related services associated with the NCTCOG Headquarter remodel; and,

WHEREAS, the resolution stipulated that the approved contract amount would not exceed $300,000 and the contract time period would not exceed three (3) years; and,

WHEREAS, due to the need of moving and temporary storage services exceeding the original estimated amount, NCTCOG staff recommend increasing the contract amount with All Points of Texas by $75,000 for a revised total contract not to exceed amount of $375,000; and,

WHEREAS, NCTCOG has complied with federal and state regulations regarding contract and procurement requirements.

NOW, THEREFORE, BE IT HEREBY RESOLVED THAT:

Section 2. NCTCOG agrees to provide any required matching funds.

Section 3. The Executive Director or designee is authorized to apply for, accept, reject, alter or terminate the grant on behalf of NCTCOG.

The Fiscal Year (FY) 2018 and FY2019 Unified Planning Work Program Subtask 5.09 provides for Regional Aviation System Planning and the Aviation Education Integration and Outreach Program. Regional Aviation System Planning and the Aviation Education Integration and Outreach program will monitor, coordinate, and evaluate the impacts of unmanned aircraft systems (UAS) on the regional aviation system through the UAS Task Force and Working Groups including program curriculum development and facilitation. To safely integrate UAS technology into the Dallas-Fort Worth region, the UAS Task Force and Working Groups identified the need to promote the Federal Aviation Administration’s (FAA’s) Know Before You Fly Program as a way to encourage the Commercial and Recreational UAS operators to utilize their UAS platform safely within the nation’s airspace.

On April 26, 2019, the North Central Texas Council of Governments issued a Request for Proposals (RFP) to host 12 Know Before You Fly Workshops over a two-year period within the Dallas-Fort Worth region, which includes a requirement to educate potential and current local commercial and recreational UAS operators and the general public on FAA’s Know Before You Fly programs and policies. Four firms submitted proposals in response to the RFP. The Consultant Selection Committee (CSC) met on May 22, 2019, to discuss and evaluate the submitted proposals. Consultant interviews were held on May 31, 2019, with three of the proposers. Based on the outcome of the interviews, the CSC recommended UAS Plus Services, LLC to complete the scope of work for this project.

UAS Plus Services, LLC has partnered with Women and Drones, LLC and Indy RC World as subconsultants to provide a diverse, highly qualified team to address various UAS initiatives, educational strategies and local interests as specified in the RFP. Currently, there is no Disadvantaged Business Enterprise participation for this project. However, UAS Plus Services, LLC is in the process of becoming DBE certified. Women and Drones, LLC is certified as a women/minority business in another state and is seeking such certification in Texas, as well as DBE certification. UAS Plus Services, LLC and Women and Drones, LLC account for approximately 66 percent of the project budget.

A draft resolution authorizing a consultant contract with UAS Plus Services to host 12 Know Before You Fly Workshops for a total amount not to exceed $65,000 is attached for Executive Board consideration. This amount is for a two-year contract term. The funding for this program is Regional Transportation Council local funds.
