She said the City Fort Worth has one of the largest public safety communications systems in the region and will administer and assign radio IDs through direct interlocal agreements. The City will utilize its existing commercial software and technology program capabilities that are specifically designed to manage radio IDs. There is no financial responsibility requirement for NCTCOG. She explained that managing and coordinating the assignment of radio IDs is critical during multi-agency operations on large interoperability networks such as those in the NCTCOG region. NCTCOG maintains a Regional
Interoperability Communications Committee (RICC) to address regional communications infrastructure through its Regional Interoperability Communications Plan (RICP) and this committee recommends this endorsement.

Lucille Johnson, Assistant to the Executive Director, asked the Board to appoint Pamela Mundo, founder and President of Mundo and Associates Consulting Firm, to the North Central Texas Economic Development District (NCTEDD) Board to serve a three-year term and fill a vacant seat for representatives from the private sector. She explained that the NCTEDD Board functions as an advisory board to the NCTCOG Executive Board and guides the work of the region's Economic Development District, which is managed and staffed by NCTCOG. The region was designated as a district by the U. S. Economic Development Administration (EDA) in December 2016. This District is organized in accordance with Federal Regulations, and its membership includes officials and/or employees of general-purpose local governments, educational institutions and private sector representatives that must be residents of and/or work in State Planning Region 4 – the North Central Texas Region.

Ms. Johnson also informed the Board that a supplemental grant application for funds that was approved by the Board last month (for approximately $400,000.00 from EDA) had been approved and received. The funding was provided through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Mike Eastland told the Board that, due to the diligence of Ms. Johnson, the agency was the first in EDA’s 5 state region to receive an award of funds under the program. President Clark commended Ms. Johnson for her work in securing the funds so quickly.

Upon a Motion by Councilmember Rodriguez (seconded by Commissioner Mitchell), and unanimous vote of all members present, the Board approved the appointment as recommended.

He asked the Board members to encourage their Cities and Counties to continue wearing masks to help eliminate the Coronavirus.

Michael Morris briefed the Board on Regional Toll Road Funds in Fund 6. He explained that for several months, projects using RTR funds were held up at the State Department of Transportation due to a lack of knowledge and understanding of how that program works. He informed the Board that those projects had now been approved and that ongoing education of newly appointed members and the legislature were important.
