Dog sitting can be rough, no pun intended. On top of making sure they are behaving well, you have to behave too and pick up the poo! Make sure you always have enough plastic doggie bags to pick up any messes on walks. When you pick up the poo, you are protecting our local waters for aquatic life and recreational use! Learn how left behind feces can harm our waters at www.DfwStormwater.com/Petwaste.

---

It’s finally Friday! When out on a walk this weekend, carry something to pick up the “doo”. This can be doggie bags, plastic grocery bags or newspaper sleeves. To take the pledge to always pick up the poo, go to www.DfwStormwater.com/Petwaste.

---

If your pup is watching you scroll through your feed right now, they might be trying to tell you that it is time to put the phone down and go for a walk. As you grab their leash and head out the door be sure to also grab some doggie bags to pick up their poo. To learn why you should always pick up the poo, visit to www.DfwStormwater.com/Petwaste.

It’s almost Christmas! In your holiday decorating frenzy, you may have overdone it and decorated your dog too… oops! Remove any extra holiday décor from them before they go to the restroom...

Remember to always scoop the poop up after them to protect our local water quality! Learn more at www.DfwStormwater.com/Petwaste.

Meet Defender Walrus!
Is your pooch pooped from the Christmas morning excitement? That’s adorable! When they get their energy back and go outside to use the restroom, remember to keep the backyard tidy by scooping any fecal matter from the yard at least once a week. This practice protects our local watersheds as the bacteria can run off into our water supply and harm water quality. Learn more at www.DfwStormwater.com/Petwaste.

Meet Defender Jake!
Are your pups tired from playing with their new toys? What a good dog owner for thinking about them over the holiday season! Another way to be a good dog owner is by always picking up your dog’s poo! When you leave dog feces behind on a walk or in your backyard, you are polluting your local waterways. “Doo” your part and always pick up the poo! To learn why it is important to pick up after your dog, go to www.DfwStormwater.com/Petwaste.

Meet Defender Jake! He is one of our watershed protectors from our recent Doo the Right Thing Photo Contest.

Meet Protectors Skeeter and Cooper!
Happy New Year’s Eve! Many of us are ringing in the New Year snuggled up with our pup at home today. When taking your dog out for the last time of the year, remember to bring poop bags with you. End 2020 by “taking out the trash” (i.e. your dogs’ poo). To learn why you should always pick up the poo, visit www.DfwStormwater.com/Petwaste.

Meet Protectors Skeeter and Cooper! They are one of our watershed protectors from our recent Doo the Right Thing Photo Contest.
