# RCCC Work Program Discussion

## What we expect to accomplish in FY 2018:

- Code amendment review process
- RCCC meeting coordination (4)
- Code adoption survey (January)
- Basic technical assistance

# RCCC Work Program Discussion

## What we would like to accomplish in FY 2018:

- Survey small communities
- Make outreach video that explains why code adoption is important
- Conduct Trainings in partnership with the Homebuilders Association, TEXO, AIA.
- Targeted Outreach to communities who have not responded to code adoption surveys

# Regional Recommended Code Amendment Discussion

- 2015
  - International Building Code
  - International Energy Conservation Code
  - International Existing Building Code
  - International Fire Code
  - International Fuel Gas Code
  - International Mechanical Code
  - International Plumbing Code
  - International Residential Code
- 2016
  - 2015 International Green Construction Code
- 2017
  - National Electric Code
- 2018
  - Which codes? (i.e. International Wildland-Urban Interface Code, etc.)
  - Deadline goal?

# Forming a Building Inspection Emergency Response Team

- Public Works Emergency Response team formation
  - Public Works brought in emergency management staff in order to coordinate the formation of a team
  - Coordinated with the Regional Emergency Preparedness Advisory Committee (REPAC)
    - Discussed the idea with REPAC
    - Kept REPAC informed of purpose, goal and meetings
  - Gathered interested parties from regional partners
  - Formed by-laws and group guidelines
