

CDC Tracking Interactive Mapping Application

This map functions similarly to Google Maps. To pan around the map, simply click and drag. To zoom in or out you may click the + or – icons in the top left corner or use the scroll wheel on your mouse if you have one. Scroll forward/up to zoom in and backward/down to zoom out.

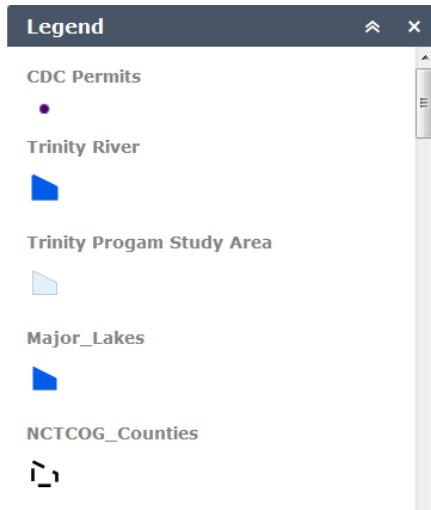

(Top Left) Home Button

Click the Home Button to reset the viewport to its original extent. This will not reset the layers options that you may have adjusted.

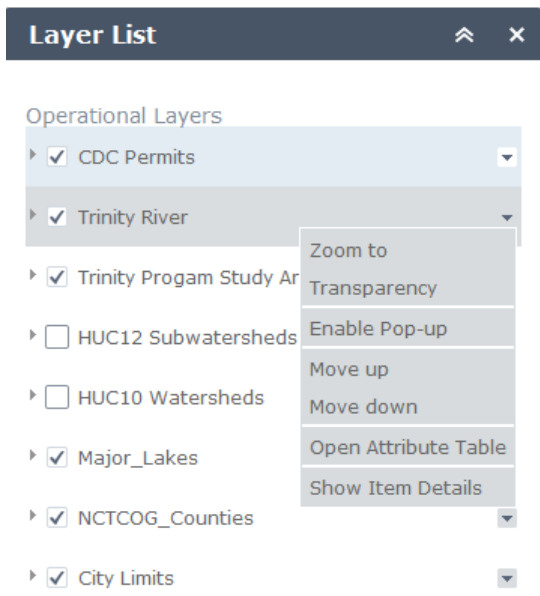

(Top Right) Displays Legend

(Top Right) Displays list of layers that you can toggle On/Off

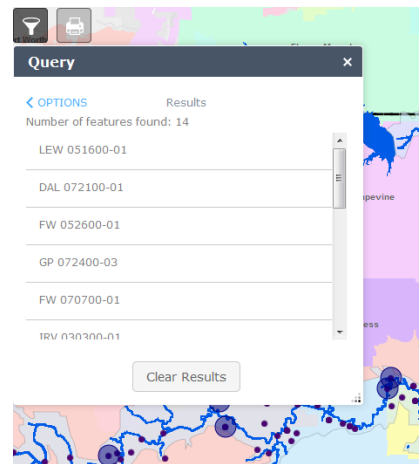

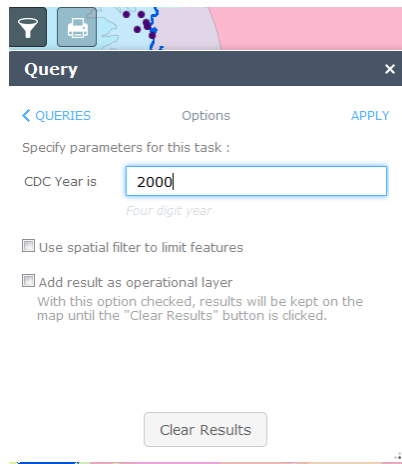

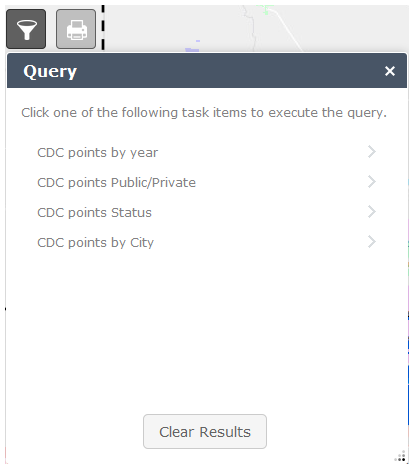

In the Layers List, you can turn a layer On or Off, adjust the transparency, view attributes, or reorder the layers.

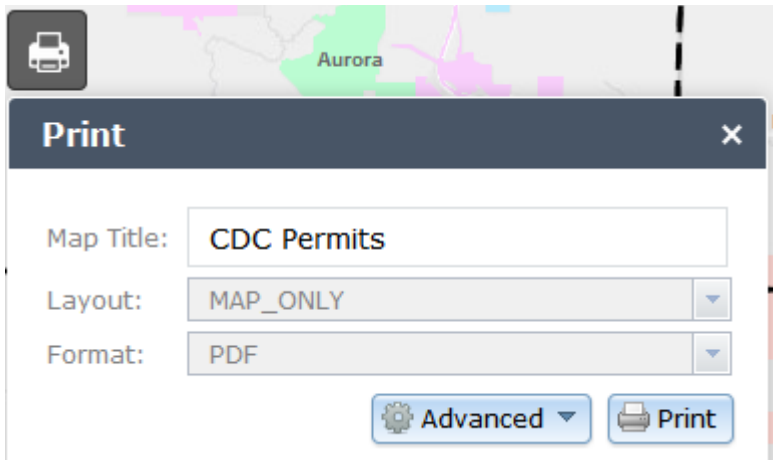

(Top Left) Filter

This function allows you to query the CDC Permits layer by Year, Public/Private projects, Project Status, and City. Select they type of query, then enter parameters and click “Apply.” The map will zoom to the extent of the results and highlight the values on the map. You may also view the list of permits and click on a permit to zoom to and view attributes related to that permit. Click “Clear Results” to reset the map.

(Top Left) Print/Export Function

You may Print the map or export to a PDF.

If you have any troubles with the mapping application, please contact NCTCOG Staff at EandD@nctcog.org.
