

REGIONAL PUBLIC WORKS COUNCIL MISSION:

"The mission is to facilitate the delivery of innovative, cost-effective public works services to jurisdictions in this region by providing a forum for exchanging ideas and initiating actions, pooling financial aid and intellectual resources to address specific common needs, establishing uniform standards which produce better products at lower costs, and encouraging the development of the public works profession in this region."

REGIONAL PUBLIC WORKS PROGRAM

NORTH CENTRAL TEXAS
COUNCIL OF GOVERNMENTS

nctcog.org/envir/pubworks

BACKGROUND

The North Central Texas Council of Governments (NCTCOG) regional Public Works Council assists over 75 local governments in addressing public works issues. Originating in 1977 as the Standard Specifications Advisory Committee and evolving into the Public Works Council in 2001, this committee is comprised of individuals with public works and development expertise from local governments and professional associations.

MEMBERSHIP

Membership on the Public Works Council consists of:

- large jurisdictions
- subregion representatives
- private industry associates

Entities can support the Regional Public Works Program financially by becoming cost share members.

Please visit www.nctcog.org/envir/pwcostshare for more information.

OUR PROGRAMS

INTEGRATED STORMWATER MANAGEMENT (ISWM) IMPLEMENTATION & TRAINING

Program activities include assisting local governments in adopting iSWM, supporting the iSWM Implementation Committee, coordinating with local governments, offering iSWM-related trainings, and following regulatory developments.

NORTH TEXAS SHARE

The North Texas SHARE program is the direct outcome of local governments identifying common needs and developing solutions through collaboration and cooperative purchasing programs. Partnering with North Texas SHARE, the Regional Public Works Program provides Pavement Analysis Services that allow municipalities to efficiently analyze pavement in their communities at a lower cost.

FLOOD MAPPING ACTIVITIES

The Regional Public Works Program assists FEMA with RiskMAP updates and conducts FEMA Cooperative Technical Partner (CTP) activities, including outreach, training, and general support of FEMA National Flood Insurance Program and mapping.

PUBLIC WORKS CONSTRUCTION STANDARDS

As part of the continued effort between NCTCOG and the public works industry in North Central Texas, the Public Works Council published the Fifth Edition of the North Central Texas Construction Standards in November of 2017. The Fifth Edition is now available to purchase as a PDF as well as a printed hard copy. Visit www.nctcog.org/envir/constructionstandards to purchase a copy.

SUSTAINABLE PUBLIC RIGHTS OF WAY (SPROW)

NCTCOG and the Sustainable Public Rights of Way (SPROW) Subcommittee provides support and technical advice to the Public Works Council on sustainability issues associated with public works infrastructure. SPROW holds workshops in order to educate on and discuss best practices for sustainable public rights of way.

NCTCOG greatly appreciates your interest in this voluntary, cost shared Regional Public Works Program. With your support, NCTCOG can continue these important regional programs in the future.
