

# iSWM Workshop

## Stormwater BMP Maintenance

Hosted by North Central Texas Council of Governments in partnership  
with Texas A&M AgriLife

This workshop will address post-construction maintenance of stormwater BMPs with an emphasis on water quality. Topics will include maintenance program strategies, implementation, costs, data collection and management, design considerations, and case studies.

Speakers will include Dr. Fouad Jaber-Texas A&M AgriLife, Mikel Wilkins-Urban Ecoplan, and Matt Stahl and Ben Pylant from Halff Associates.
