2021-2024 TRANSPORTATION IMPROVEMENT PROGRAM
DRAFT LISTINGS

Regional Transportation Council
June 11, 2020
TRANSPORTATION FUNDING AND PROJECT IMPLEMENTATION: A COOPERATIVE EFFORT

Local Governments
- Cities
- Counties

Texas Department of Transportation
- Dallas District
- Fort Worth District
- Paris District

Transit Agencies
- DART
- Trinity Metro
- DCTA

Transportation Agencies
- North Texas Tollway Authority
- DFW Airport

2021-2024 Transportation Improvement Program for North Central Texas
DEVELOPMENT PROCESS

• Review existing projects and gather information on additional locally funded projects
• Make needed revisions to existing project schedules, funding, and/or scope
• Develop revised project listings
• Financially constrain project programming based on estimated future revenues
• Conduct Mobility Plan and Air Quality conformity review
• Solicit public and Committee/Council input
• Finalize project listings and submit to the Texas Department of Transportation (TxDOT) and Federal Highway Administration (FHWA)
SCOPE OF PROGRAMMING

- $13.62 Billion in the 2021-2024 TIP (Roadway and Transit)
- $6.78 Billion in Federal Commitments
- $1.96 Billion in State Commitments
- $0.19 Billion in Regional Commitments
- $1.46 Billion in Local Commitments
- $3.23 Billion in Transit Commitments

- 962 Active Projects (Roadway and Transit)
- 64 Implementing Agencies (Roadway and Transit)

</table>
REQUESTED ACTION

• RTC approval of:
  • The projects and project changes shown in the 2021-2024 TIP project listings
    • Only projects in FY 2021-2024 will be included in the new TIP
    • Projects in FY 2025+ will be included in Appendix D to allow project development activities to continue
  • Amending the Unified Planning Work Program (UPWP) and other planning/administrative documents to incorporate TIP-related changes
  • Submitting the final 2021-2024 TIP document to TxDOT for inclusion in the Statewide Transportation Improvement Program (STIP)
  • The resolution adopting the 2021-2024 TIP which will be transmitted to federal, state, and local impacted agencies
PROPOSED PARTNERSHIP WITH BALCH SPRINGS

• The City of Balch Springs has requested assistance with improvements to Hickory Tree Road from Elam Road to Lake June Road.

• Staff proposes that the Regional Transportation Council (RTC) fund the design of the project with $500,000 of Surface Transportation Block Grant (STBG) funds. NCTCOG staff will lead the initial work and use RTC Transportation Development Credits.

• North Central Texas Council of Governments (NCTCOG) staff would work with City staff to develop a project that would mitigate congestion but is also context-sensitive and facilitating future economic growth.

• This partnership would continue the RTC’s investments in projects that would promote economic development and community revitalization, while also addressing a mobility issue.
PROPOSED PARTNERSHIP WITH SUNNYVALE

- The Town of Sunnyvale has requested assistance on two projects:
  - Collins Road from Tripp Road to Town East Blvd
    - $450,000 in Regional Toll Revenue (RTR) funding for engineering
    - Scope: Reconstruct from 2 to 4 lane divided urban
  - Tripp Road from The Falls Drive to Belt Line Road (COVID-19 #004)
    - $800,000 in RTR funding for construction
    - Scope: Reconstruct 2 lane to 2 lane rural roadway

- This partnership aids in community revitalization.
- Major partner in the President George Bush Extension
PROPOSED PARTNERSHIP WITH HUTCHINS

• The City of Hutchins has requested assistance for improvements at the intersection of IH 45 and Dowdy Ferry Road (COVID-19 #003).

• This area is a major freight hub and this project would improve mobility.

• Staff proposes to fund this project through a partnership with the TxDOT Dallas District.

• The RTC would fund the project with $3,700,000 of Congestion Mitigation and Air Quality Improvement Program (CMAQ) funds (includes a State match from TxDOT) with TxDOT funding the design of the project.
ACTION REQUESTED

• RTC approval of:
  • The partnerships outlined in this presentation
  • Administratively amending the Transportation Improvement Program (TIP)/Statewide Transportation Improvement Program (STIP) and other administrative/planning documents as needed

2021 UNIFIED TRANSPORTATION PROGRAM (UTP) AND REGIONAL 10-YEAR PLAN UPDATE

Regional Transportation Council
June 11, 2020
• Texas House Bill (HB) 20 requires that Metropolitan Planning Organizations (MPO) develop 10-Year Plans using performance-based planning and project selection methods

• Includes projects funded with Category 2 (MPO selected), Category 4 (TxDOT District selected), and Category 12 (Texas Transportation Commission selected)

• Regional 10-Year Plan was approved by the Regional Transportation Council (RTC) in December 2016

• Series of updates were made in August 2017, August 2018, and September 2019 in conjunction with the development of TxDOT’s UTP
ACTIVITIES UNDERTAKEN SINCE LAST UPDATE

• Texas Department of Transportation (TxDOT) staff have begun developing the 2021 UTP.

• NCTCOG staff have coordinated with the TxDOT Districts regarding project updates (e.g., costs/funding, environmental clearance and let dates) and potential new projects.

• Projects were scored by NCTCOG staff.

• To satisfy a January 31, 2020 deadline set forth by TxDOT, NCTCOG staff drafted a project listing that included project scores, project revisions, and potential new projects.

• The list was refined in February and March 2020 as a result of funding targets being received after the January 31st deadline.
UPDATE TO THE 2020 UTP

• In addition to developing the 2021 UTP, an update to the 2020 UTP was approved April 30, 2020 by the TTC.

• This update is being made to fund the IH 35 project in Austin.

• In order to fully fund that project, the TTC programmed Category 12 funds that otherwise could have been used for projects in other regions of the State, including Dallas-Fort Worth.

• This action, combined with lower than anticipated revenues, has led to a decline in the amount of funding coming to the region via the UTP.

• Existing projects are generally not impacted, but projects with cost overruns may not be able to be addressed and new projects were largely not able to be added.
10-YEAR PLAN UPDATE

• The same project scoring process used for the 2019 10-Year Plan Update was used this year.

• Additional projects were submitted by TxDOT for inclusion in the Corridor Preservation Program. This program consists of projects that may be added to the 10-Year Plan in the future and need a preliminary commitment in order to commence pre-construction activities, like right-of-way acquisition.

• Some projects that were previously part of this program are being proposed for construction funding through this latest update.
PRINCIPLES FOR THE DEVELOPMENT OF THE REGIONAL 10-YEAR PLAN

- Project should be included in Mobility 2045
- Focus on system versus new, stand-alone projects
- Fully fund existing projects before funding new projects
- Ensure equity of county allocations
- Reintroduce toll lanes/toll managed lanes on selected corridors
- Re-fund affected projects, when possible
- Ensure all RTC projects are approved in 2021 UTP (including “placeholders”)
- Projects must be scored and should have a score sufficient to qualify for funding
NEXT STEPS

• Finalize project selection/update efforts in coordination with TxDOT staff

• Await decisions by the TTC on Category 12 funding

• Bring back any project changes to the STTC and RTC once the TTC weighs in and approves the UTP
### TIMELINE

EFFECT OF COVID-19 RESTRICTIONS ON TRANSPORTATION AND ECONOMIC OPPORTUNITIES

Regional Transportation Council
June 11, 2020

Michael Morris, P.E.
Director of Transportation
COVID-19 IMPACT ON STATE REVENUES

• State sales tax revenue — $2.61 billion, down 13.2 percent from May 2019
• Motor vehicle sales and rental taxes — $265 million, down 38 percent from May 2019
• Motor fuel taxes — $221 million, down 30 percent from May 2019 and the steepest drop since 1989
• Oil production tax — $90 million, the lowest monthly amount since July 2010, down 75 percent from May 2019 and the steepest drop since 1988
• Natural gas production tax — $31 million, down 76 percent from May 2019

Revenue based on April sales remitted in May

ENGINEERING FOR THE NORTH TARRANT EXPRESS (NTE)/SH 183 PROJECT

- Cintra is coordinating with TxDOT to implement this project, engineering is anticipated to begin in approximately six months.

- In order to continue advancing this project, staff proposes to provided a $3,000,000 financial backstop in order to expedite engineering now. It is anticipated the financial backstop will use RTC Local funds.

- Cintra will perform the design work under current TxDOT agreement. Once the project is initiated by TxDOT, RTC will be released of its financial commitment.
INCOMING PRIVATE SECTOR REVENUE FOR NORTH TARRANT EXPRESS (NTE)/SH 183

• Per prior RTC direction, staff continues to work with TxDOT and private sector partners to complete additional phases of the NTE and other public/private partnership projects.

• Recent projections indicate that general purpose and managed lane capacity improvements are anticipated to be triggered in mid-2022 with an open to traffic date of June 2024.

• The private sector is currently coordinating with TxDOT to advance the first item.

• The private sector partner will be paying for these improvements in these amounts:

<table>
<thead>
<tr>
<th>Capacity Improvements</th>

Refined rail forecasts are necessary to determine technology and alignment in future rail corridors.
Mobility 2045

RTC Adopted on June 14, 2018

Must Adopt Updated Plan Within Four Years

Transportation Conformity Achieved November 21, 2018

Expires November 21, 2022
Mobility 2045: 2022 Update

Mobility Plan Update, Not Amendment
Will Incorporate New TIP

Partner Coordination Begins in March

Project Refinements
Mobility 2045: 2022 Update

Horizon Year: 2045

Base Year: 2020

Revised 2045 Demographics

Revised 2045 Revenue Forecast
Mobility Plan Foundation
General Vision

To improve the region’s mobility today and tomorrow by embracing technology and innovation.
Goals

Four Categories

Nine Goals

Mobility
- Improve Transportation Options
- Support Travel Efficiency Strategies
- Ensure Community Access to System and Process

Quality of Life
- Enhance Environment and Lifestyles
- Encourage Sustainable Development

System Sustainability
- Ensure Adequate Maintenance, Safety, and Reliability
- Pursue Long-Term, Sustainable Financial Resources

Implementation
- Provide Timely Planning and Implementation
- Develop Cost Effective Projects and Programs
2022 Update Status

Completed
