AMERICANS WITH DISABILITIES ACT and
SECTION 504 OF THE REHABILITATION ACT OF 1973

ASSURANCE

26 Code of Federal Regulations Part 35.130, Title II of the Americans with Disabilities Act prohibits discrimination on the basis of disability by public entities. Subtitle A protects qualified individuals with disabilities from discrimination on the basis of disability in the services, programs, or activities of all state and local governments. It extends the prohibition of discrimination in federally assisted programs established by section 504 of the Rehabilitation Act of 1973 to all activities of state and local governments, including those that do not receive federal financial assistance, and incorporates specific prohibitions of discrimination on the basis of disability from Titles I, III, and V of the Americans with Disabilities Act. This rule, therefore, adopts the general prohibitions of discrimination established under section 504, as well as the requirements for making programs accessible to individuals with disabilities and for providing equal effective communications. It also sets forth standards for what constitutes discrimination on the basis of mental or physical disability, provides a definition of disability and qualified individual with a disability, and establishes a complaint mechanism for resolving allegations of discrimination.

Texas Department of Transportation (TxDOT), HEREBY AGREES THAT, as a condition to receiving any federal financial assistance from the U.S. Department of Transportation through the Federal Highway Administration, is subject to and will comply with all laws and regulations, and hereby gives assurance that no qualified disabled person shall, solely by reason of his or her disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination, including discrimination of employment, under any program or activity that receives or benefits from this federal financial assistance. TxDOT further assures that its programs will be conducted, and its facilities operated, in compliance with all the requirements imposed by or pursuant to 49 CFR Part 27, 28 CFR Part 35 and 42 USC §§ 12101 – 12213.
