

SPEAKER BIOS

Paris Rutherford is Principal of Catalyst Urban Development. Catalyst focuses on mixed-use and transit-oriented development, and is engaged in a host of public/private partnerships aimed at suburban redevelopment. Paris has more than 25 years' experience creating successful places in the U.S. and abroad. Paris is a graduate of the University of Southern California and Harvard University.

Reid Ewing, Ph.D., is Chair and Professor of City and Metropolitan Planning at the University of Utah. Reid also is former director of the Voorhees Transportation Center at Rutgers University, and a former research professor at the National Center for Smart Growth. Reid holds master's degrees in Engineering and City Planning from Harvard University, and a Ph.D. in Urban Planning and Transportation Systems from the Massachusetts Institute of Technology.

A Principal of Gensler Dallas, Ross Conway is actively focused on developing the Mixed Use Practice Area within our South Central Region. He is committed to creating exceptional mixed-use developments that integrate with the existing urban fabric. Recent projects include Bishop Arts, Hidden Ridge, Music Factory, Legacy West, and Preston Hollow Village. Ross holds both a Bachelor of Science and a Master of Architecture from The University of Texas at Arlington.

Thomas Bamonte is Senior Program Manager for Automated Vehicles for the North Central Texas Council of Governments, the MPO for the Dallas-Fort Worth region. Before joining NCTCOG he served in senior legal positions at the Chicago Transit Authority and toll highway authorities in Illinois and Texas. He is a graduate of the University of Chicago and Northwestern University School of Law.

Patrick Siegman is a Principal with Nelson\Nygaard Consulting Associates. Patrick has led the parking and transportation component of more than 70 citywide, neighborhood, district and campus plans. Patrick also served as an advisor to San Francisco's ground-breaking SFpark program. Patrick holds a Bachelor of Arts degree in Economics from Stanford University.
