

2019 North Texas Parking Management Symposium

“Finding the Balance in Parking: Economics, Community, and Mobility”

TABLE SPONSORS

North Texas is growing rapidly, and so is the demand for parking. The North Texas Parking Management Symposium is an opportunity for planning and development professionals to learn, discuss, and advance parking management knowledge. This year’s focus of the symposium: how do we plan and manage parking in a way that balances the needs and goals of a community while acknowledging economic forces that drive parking demand and the future of mobility?

Addressing this challenging topic means bringing in speakers from across the DFW Metroplex, the state, and the county in a space where approximately 200 municipal planning and development staff, real estate developers, planning/development consultants, elected officials, and other professionals can engage in an informed dialogue. Table sponsors will help make this event happen and demonstrate their relevance to addressing this key urban development issue.

For table sponsorship of \$1,000, each sponsor receives:

- 6 Event tickets
- Table seating near the stage with logo displayed on the table
- Exhibitor table in lobby for sponsor promotional material
- Logo displayed on printed program and host slides
- Logo displayed on event website
- Thank you from event host on stage

Be part of this important event about a key development issue and give your company increased visibility.

Register for your sponsorship online at www.nctcog.org/parking
